

BILL TO AVERT RAIL STRIKES

FAILURE TO BUY CAUSE OF PRICE TUMBLE

Senator Capper Declares That
Break Shows Need of
Proposed Laws

MOVE FOR REGULATORY
MEASURE IS AFFECTED

Farmers Are Made to Suffer
For Packers' Sins, Says
Consumers League

By RAYMOND CLAPPER
(United Press Staff Correspondent)

WASHINGTON, Sept. 2.—Virtual
packer control of five livestock
markets is responsible for heavy losses
to producers during the last ten days,
Senator Capper, Kansas, said today.

The recent market break was cited
by Capper as a reason why legislation
along the lines proposed in the Kenyon
and Kendrick bills should be enacted
by congress.

Capper's statement comes on the
heels of a similar one from the National
Consumers' League.

"While there is probably no proof
that the big packers actually con-
trolled the situation, I cannot but be-
lieve that they have been a factor,"
Capper said.

"I think the market would have
been better off in such an emergency
if the big five did not have practical
control. They did nothing to brace
up the market and I can see no good
reason for a decline to the extent we
have just witnessed.

May Affect Legislation.
"I am naturally disappointed that a
scare of this kind should be thrown
out at a time when it would tend to
arrest the movement for regulatory
legislation."

The National Consumers' League
declared that the packers, with their
warehouses bulging with food, could
afford to cease buying just as the sen-
ate hearings on the Kenyon and Kend-
rick bills got under way.

"The farmers of the country are be-
ing made to suffer for the sins of the
packers as in times past," the league
stated. "This time, the penalty has
been imposed for a different reason.
Just as hearings were started on the
Kenyon-Kendrick bills to regulate the
packers, a most unprecedented drop
in the prices paid for hogs and cattle
took place. So last week Washington
was flooded with cattle raisers, farmers
and retail dealers and independent
packers to beg congress to put a stop
to all agitation.

"Meanwhile, the packers' ware-
houses are bulging with enough food
to carry their business for the coming
winter and they can afford to cease
buying for a while."

1500 MEN AT POWER
PLANT GO ON STRIKE

OROVILLE, Cal., Sept. 2.—Men in
the employ of Stone and Webster,
who are erecting a power plant for
the Great Western Power Company
between Caribou and Prville, went
on strike today.

The men demand an 8 hour day.
Strike leaders asserted that the en-
tire force of 1500 men employed in
the 12 camps walked out.
Representatives of Stone and Web-
ster asserted that the trouble was not
serious and that not all the men had
struck. They expected, they said, to
have the trouble adjusted within a
few days.

11,230,000 BALES IS
PRODUCTION OF COTTON

WASHINGTON, Sept. 2.—A total
cotton production of 11,230,000 bales
was forecast by the crop estimate bu-
reau of the agriculture department
on the basis of reports from field
agents August 25. A total produc-
tion last year was 12,040,532 bales.

BIG LOSSES OF PRODUCERS NOW CHARGED TO PACKERS' CONTROL

Great Naval Development Program Will Be Carried Out Along Pacific Coast

By M. E. TRACY
(United Press Staff Correspondent)

SAN FRANCISCO, Sept. 2.—The Pacific coast may prepare for
an unprecedented program of naval development as a result of the
organization of the Pacific fleet. Secretary Daniels, on his recent trip,
is gathering the data on which he will base recommendations to con-
gress which will embody a program involving the immediate expend-
iture of millions of dollars.

In this he is being assisted by Rear Admirals Parks, McKean and Mc-
Cormick and Commander Hilton of the bureau of supplies and accounts.

By September 24 the secretary will give to Congress his recommendations
for the first work to be done. It is, apparently, quite certain this report will
cover all or part of the following items:

Establishment of a naval training station at San Diego.

Construction of a new naval hospital at Balboa Park, San Diego.

Probable continuance of the San Pedro submarine base established during
the war.

Extensive additions to the Pearl Harbor, T. H. navy base including addi-
tions to the present shop facilities and hospitals.

Recommendations as to the establishment of a new naval base and navy
yard at San Francisco.

Aviation Station, Submarine Base
In Columbia River Section

Establishment of an aviation station and submarine base on the Columbia
River, probably in the vicinity of Astoria.

Extensive improvements to naval facilities on Puget Sound, particularly at
Bremerton.

The work will require appropriations of many millions of dollars before
completed. The policy of the navy department will be to make the first work
that immediately required for the handling of the vast naval force to comprise
the Pacific Fleet. Later attention is to be paid to the smaller projects, such as
proposed establishment of the submarine and aviation bases on the secondary
harbors of the coast.

All of this work will be largely on the report of the so called Helm board
which investigated and reported on in detail, the naval needs of the Pacific
coast just prior to the war. Combined with the data which this report contains
will be the lessons gained from the war and the results of detailed, personal
study of certain specific phases of the Pacific coast naval situation.

Of the program now taking shape the largest single item is the naval station
at San Francisco. Four sites have been proposed to the government.
Which site will be selected will be determined largely from the personal investi-
gation being made here now by Secretary Daniels and staff.

The same plan of personal investigation will be followed on Puget Sound
and the Columbia River.

SOLDIERS OF ITALY TO BE GIVEN LAND

MILAN, Sept. 2.—King Emmanuel
took another step, a significant one,
along the path of democracy today
when he informed Premier Nitti, ac-
cording to an official announcement
that he intended to relinquish all the
crown lands throughout Italy for the
benefit of the peasantry and the
"combatants for Italian unity."

The official announcement states
that the king renounces possession
of the buildings on these lands in fa-
vor of charitable institutions and or-
ganizations whose aim is to mitigate
the sufferings which have followed in
the wake of the war.

The king also announced that in
the future his own private property
would be taxed the same as that of
the commoners.

GRAND JURY TO PROBE
GAMBLING IN PHOENIX

PHOENIX, Ariz., Sept. 2.—A grand
jury investigation of gambling and
vice conditions in Phoenix is fore-
cast today with the serving of sub-
poenas on members of a special ven-
ue by Sheriff Montgomery of Mari-
copa county.

The grand jury probe is the out-
come of the killing of Harry Creme,
an alleged gambler and well known in
Los Angeles, two weeks ago by a
Greek, who claimed he lost his entire
savings in Creme's resort.

GERMAN U BOAT AT
SAN PEDRO HARBOR

SAN PEDRO, Cal., Sept. 2.—UB-88,
sinker of sixteen ships and destroyer
of many innocent lives, is today in the
harbor here after successfully complet-
ing a trip from the east coast. The
boat is in command of an American
crew of four officers and 27 men. It is
en route to San Francisco where it
will be dissected by naval officers there
in an effort to learn German secrets
in submarine construction.

DANIELS INSPECTS NAVAL BASE LANDS

SAN FRANCISCO, Sept. 2.—With
the trim gray war engines of the Pa-
cific fleet swinging at anchor in San
Francisco bay, the work of keeping
the visiting officials, officers and men
busy is proceeding today in various
ways. But as usual, Jack the Gob is
getting the "biggest kick" out of the
entertainment.

This morning Secretary Daniels,
Admiral Rodman and other executive
officials viewed Hunters Point, where
San Francisco wants the new Pacific
naval base to be organized. It was
explained in detail. Tomorrow and
Thursday, he inspects three other
naval base sites, and already, those
seeking location of the base and its
resultant fat payroll at other points
are besieging the secretary's head-
quarters, hoping to have the program
include a trip to their own particular
project.

At 11 o'clock Mrs. Daniels was
sponsor at the launching of the des-
troyer Chase at the Union Iron
Works. At noon, the secretary's
party, Admiral Rodman and fleet of-
ficers will be tendered a luncheon by
various commercial organizations.

2000 SPANISH WAR
DELEGATES CONVENE

SAN FRANCISCO, Sept. 2.—More
than two thousand delegates and
thousands of members are here today
for the national convention of the
United Spanish War Veterans, which
will be held during the week at the
Civic Auditorium. Lieut-Gen. Liggett,
Governor Stephens, Mayor Rolph and
Admiral Rodman will address the con-
vention tonight, after which a special
session will be devoted to reminis-
cences of the days of '98 in Cuba, the
Philippines and in Tampa and vicinity.

Election of officers will be held
Wednesday. Legislation for the ben-
efit of service men and their widows and
similar matters will be discussed. The
Woman's Auxiliary, an affiliated or-
ganization, is also meeting here.

LABOR LOOKS FOR AID OF WILSON AT MEETING

Right to Organize, Bargain
Collectively Will Be Aim
at Conference

FORMAL CONFERENCES
FOR FIXING PROGRAM

Informal Gathering May Be
Held With President
As Mediator

By RALPH F. COUCH
(United Press Staff Correspondent)

WASHINGTON, Sept. 2.—The right
to organize and bargain collec-
tively with respect to wages and work-
ing conditions will be the principal
point organized labor will press at the
"round table" industrial conference to
be called by President Wilson, leaders
here agreed today.

Labor leaders feel they will have the
president with them in this demand
and there is belief among some of
them that the president may go even
further.

"It is the only way the workers can
obtain justice," said Secretary John
Scott of the railway department.
American Federation of Labor. "We
will endorse the plan if it gives us
the right to discuss better working
conditions and increases with officials
of the postoffice," said President Gil-
bert M. Hyatt of the postoffice clerks
union.

What Steel Men Want
"It is just what the steel workers
are contending for," said James
Egan, editor of the Weekly News Let-
ter of the American Federation of
Labor.

Granting of the proposal by repre-
sentatives of employers will bring
quick action and agreement at the
conference, labor leaders say.
Some favor having organized labor
make accession to the proposal a
condition on its participation in the
conference. Most leaders, however,
believe the demand should be put
forth after the conference convenes.

Leaders plan to begin soon a series
of formal conferences, at which
points in their program will be
framed. Local leaders may be called
to attend the conference from all
parts of the United States.

Wilson Studies Problem

The president has not yet indicated
how the conference shall be constitu-
ted. One problem on which the pre-
sident is studying, it was learned today,
is whether the representatives of the
public shall be named to attend the
preliminary meetings of the confer-
ence or whether he shall represent
the public. As another alternative,
the president might call on both cap-
ital and labor to send representatives
and then name representatives of the
public.

Officials in touch with the president
believe he will adopt the first plan
for an informal meeting, to be held at
the White House at which he would
attempt to mediate differences and
promote a more friendly feeling be-
tween labor and capital. Out of this
meeting then would grow the bigger
industrial congress.

President Bert N. Jewell and other
officials of the railway department,
A. F. of L., today announced they are
prepared to take immediate action to
stop unauthorized strikes.

BURLINGTON SHOPMEN
IN HAVELOCK, NEB., OUT

LINCOLN, Neb., Sept. 2.—Approx-
imately 600 Burlington shopmen at
Havelock, Neb., shops walked out this
morning at 10 o'clock. It was said
that all but the woodworkers had
struck. The Havelock shop is one
of the largest of the Burlington sys-
tem.

Hundreds Rush to Purchase First Government Blankets

Only 20 Are Sold to One
Person; Stores to Be
Opened Soon

WASHINGTON, Sept. 2.—Govern-
ment blankets are not going to be a
drug on the market, judging from the
sales when they were first put on the
market. The blankets were offered
for sale here with a limit of 20 to one
person and many bought the limit.
Numerous householders had their
children carry them home in relays.
Soon the government will open
stores throughout the country where
these surplus blankets and other goods
can be purchased cheaply and can also
be bought through the mails and be
delivered by parcels post. It is ex-
pected that the supply will be de-
pleted before the stores are opened
for many weeks.

BULLETINS

NEW YORK, Sept. 2.—Twenty-
seven cars oranges and one car
lemons sold. Market is 25 to 50
cents lower. Averages ranged
from \$2.19 to \$7.60. Highest price,
ten boxes Old Mission, \$8.20. Lem-
ons on market 15 cents higher. Aver-
ages, from \$4.81 to \$5.62. Weather,
rain; 8 a. m., temperature, 68.

MILWAUKEE, Sept. 2.—The
Cudahy Packing Company was
fined \$2500 here today upon con-
viction of violating the law per-
taining to the storage of food.
Judge Hayes imposed a fine of
\$100 on each of 23 counts. Dis-
trict Attorney W. C. Zabel said
the company had stored 80,000
pounds of meat over a year with-
out notifying the Dairy and Food
Commission.

WASHINGTON, Sept. 2.—De-
mand that witnesses be put under
oath when testifying on bills to
regulate the packers before the
Senate Agriculture committee was
made today by Senator Kenyon of
Iowa and supported by Senator
Kendricks of Wyoming.

PITTSBURG, Sept. 2.—Pennsyl-
vania crude oil today advanced 25
cents a barrel to \$4.25.

LONDON, Sept. 2.—The British
destroyer Victoria was torpedoed
and sunk in the Baltic sea last
Saturday by Bolshevik forces, it
was announced by the admiralty
today. Eleven of the crew were
drowned.

LEFT HANDED MAN IS
FAILURE AT SUICIDE

LOS ANGELES, Sept. 2.—The fact
that he is left handed saved the life
of Philip S. Barnes, 26, former army
lieutenant, who attempted to end his
life last night.

Picking up the revolver, he uncon-
sciously brought the muzzle to his
right chest. The bullet struck a rib
and lodged under the skin. Financial
difficulties are given as his reason for
the act. Barnes is an ex-newspaper-
man.

MEXICANS WOUND U. S. AVIATOR AT BORDER

LAREDO, Tex., Sept. 2.—Captain
David B. McNabb, commander of the
eighth aerial squadron was shot and
dangerously wounded by Mexican sol-
diers today while flying over the Rio
Grande river near the border. About
25 soldiers were in the Mexican party,
McNabb said. More than 100 shots
were fired by the Mexicans. Lieut.
Johnson, mechanician, who was with
Capt. McNabb was not hit.

McNabb was flying at a low altitude
67 miles northwest of Laredo near the
mouth of San Isabel creek when he
saw the Mexicans.

Before the airplane could ascend
the Mexicans opened fire. The air-
plane was riddled. One bullet hit Mc-
Nabb back of the ear. McNabb man-
aged to guide the plane to American
soil where he landed on the ranch of
an American.

He was taken into the farmers'
house and officials at Ft. McIntosh
notified. An airplane with an army
physician was hurried to the ranch
to care for McNabb. A report of the
affair was sent the war department at
Washington. Reports of firing at
border patrols have been current for
several days. Both Mexican soldiers
and customs guards are said to have
fired at airmen. The incident has
caused excitement at Laredo.

CAR MEN ASKING FOR
JOBS, SAYS COMPANY

LOS ANGELES, Sept. 2.—While the
Los Angeles Railway Company claims
that former platform men of their ser-
vice are standing in line for their old
jobs, labor union leaders deny that
such is the case.

The only line they stood in yester-
day was the Labor Day parade, the
unionists say.

The Los Angeles railway today
promised that night service will be re-
sumed in the near future.
Reports from the Pacific Electric
company are that some of the strikers
are returning to work.

CARDINAL MERCIER IS COMING

PARIS, Sept. 2.—Cardinal Mercier
left here today for Brest, en route to
America. He will sail for New York
on the Ascommen tomorrow. The
cardinal will be accompanied by the
Belgian ambassador to the United
States, Baron Emil de Carter March-
ienne.

GET REST OF TERMS

PARIS, Sept. 2.—The Austrian dele-
gation was handed the remaining
provisions of the peace treaty today.
Chancellor Renner will leave at once
for Vienna to lay the treaty before the
national assembly.

LABOR GETS ITS SHARE OF ROADS' EARNINGS

Employees Help Fix Wages
and Working Conditions
By Cummins Act

PRIVATE OWNERS WITH
GOVERNMENT CONTROL

Sweeping Powers Would Be
Given Commerce Com-
mission In Stock Issues

WASHINGTON, Sept. 2.—Private
ownership and operation of the
railroads under strict government su-
pervision with labor sharing in manage-
ment and earnings, is provided in a
bill introduced today by Senator Cum-
mins, chairman of the senate interstate
commerce committee.

Strikes and lockouts are made crim-
inal offenses by the bill and elaborate
provisions for participation of em-
ployees in fixing wages and working
conditions are made.

A joint committee on wages and
working conditions, on which both
sides are equally represented, is cre-
ated.

A railway transportation board with
sweeping powers over the roads is
provided. The interstate commerce
commission would be given complete
authority over the issue of stocks and
bonds and determination of a fair re-
turn.

The roads would be returned the
last day of the month in which the bill
becomes a law.

The bill also provides for:
Competitive Systems.

Ultimate reorganization of the roads
into 20 to 35 competitive systems.

Employees and public each to have
two members on boards of directors.

Excess earnings to be used, one half
for purchase of equipment by the rail-
way board, to be leased to roads, and
the other half to be administered by
an employees advisory council for es-
tablishing a system of profit sharing
for employees, improvement of work-
ing conditions, invention of safety de-
vices, technical education of employees
and to supplement employees' pensions
and insurance.

The railway board would have broad
powers in re-routing traffic, compelling
joint use of terminals and suggesting
improvements in service generally.

Weeks of Conferences.

The Cummins bill is the result of
weeks of conferences between rail-
way officials, financiers and labor
leaders with a special sub committee
of the senate. The bill is recommend-
ed by the sub committee to the senate
inter state commerce committee.

While many ideas of the Plumb
plan are incorporated in modified
form, the bill also embodies ideas of
railroad executives and financiers.
The anti strike provisions aroused
most comment. Whether organized
labor will accept this, even with the
recognition it gets in managements of
the roads will be the paramount ques-
tion in congress.

In a statement today Senator Cum-
mins explained the anti strike section
in detail.
"This section imposes a penalty or
fine or imprisonment, or both, upon
any carrier, or any officer of any car-
rier who refuses to obey the decisions
of the committee (on wages and work-
ing conditions) after it has been ap-
proved by the board (railway trans-
portation board)," he stated.

It also provides that if two or more
persons enter into any combination or
agreement which substantially hind-
ers, restrains or prevents the move-
ment of commodities or persons in in-
terstate commerce, such persons shall
be deemed guilty of conspiracy and shall
be punished by a fine not exceeding
\$500 or by imprisonment not exceed-
ing six months, or by both fine and im-
prisonment.

Have the Childrens' Vision Corrected Before School Opens

If the student's health is not right he or she will not forge ahead properly, particularly if it is a question of abnormal eye-sight. The eyes, to the student, are the all-important thing. Without perfect vision there can be no substantial, no natural progress.

Authorities assert that so-called dull, backward, stupid children suffer from defective eyesight. In most cases there is nothing wrong with these so-called stupid children. They are unfortunate; their vision is unwell.

You can never be sure about your son's or your daughter's vision until you have their eyes properly and scientifically tested. This is not only desirable but necessary.

And, now is the logical time to have us make this vital examination for them.

BISBY HOME WITH VOTE ON BONDS

2 POINTER TO HIS CREDIT

Gets 100-pounder on the Spurgeon Ranch at Templeton

Yep, he got one!

When R. L. Bisby left here the latter part of last week for Brookside ranch, owned by the Spurgeon Realty Company, at Templeton, he told some of his friends that when he returned he would bring them a piece of venison.

Bob returned Sunday evening and along with him came a fine two-pointer. The deer weighed 100 pounds after being dressed at Seidel's market this morning.

Bob's friends are chiding him, and Bob Gramm even went so far as to intimate that Bisby got the animal by running over it with his automobile.

Just the same Bisby has the game, and possession is nine points in law. There is considerable tree growth on the Spurgeon ranch and the deer was gotten on the company property.

UP TO NOON IS VERY LIGHT

Fate of High School Assembly Hall Be Decided By Late Balloting

It will be the vote that is cast between 4 o'clock and 6 o'clock this afternoon that will determine the fate of the \$50,000 high school assembly hall bonds.

This was the belief expressed at the polls this noon. Up to the noon hour the vote was the lightest ever cast at an election in Santa Ana in many years.

In some of the precincts not a dozen votes had been cast. In the entire city not over 100 votes had been cast up to 1 o'clock.

The polls are to close at 6 o'clock. Unless those who favor the bonds turn out before that hour, the bonds will be lost.

For cool, summer baking, buy a Domestic Cabinet Gas Range today at the Gas Office.

S. A. PAINTERS IN L. A. PARADE OF TOILERS

Ranks of Brush Wielders Swelled By Delegates From Here

Twenty-one painters, representing local union No. 315, participated in the big Labor Day parade in Los Angeles yesterday.

There were approximately 200 painters in line, representing locals of Los Angeles and neighboring cities.

The Santa Ana painters carried two banners on which the designation of the Santa Ana local was inscribed.

No other Santa Ana trades locals were represented in the Los Angeles parade. All union men of the city observed Labor Day, however, many of them going to the beaches and into the mountains over Sunday and Monday.

Among the Santa Ana men who took part in the parade were J. R. Dysart, Sherman Babcock, William C. Reed, F. H. Mitchell, A. J. Mitchell and Peter Ludlow.

ORIGIN OF FIRE STILL IS DEEP MYSTERY

Reinhaus Bros. Busy Salvaging Goods From Saturday Night Blaze

Origin of the fire that practically destroyed the \$50,000 stock in the Reinhaus department store Saturday night, today is just as much of a mystery as it was the night of the fire. There are two sources from which the flames might have originated, defective wiring, or the throwing of a lighted cigar or cigarette stub in a pile of trash in the store or the throwing of a cigar or cigarette stub in a waste paper box in the gents' toilet on the upper floor and immediately over the Reinhaus Store.

Julius Reinhaus is of the opinion that the blaze started up stairs. A dance was held in the hall Saturday night and men were seen to go into the toilet. His theory is that the fire caught there and finally the flames ate their way to the ceiling of the store, and dropping down from the ceiling into dry goods and ready to wear goods, the flames quickly spread. He and his brother left the store at about fifteen minutes to 10 o'clock and the fire was discovered an hour later. Had there been a smoldering fire on the lower floor he believes he or his brother, Max, would have detected the odor.

The blaze was discovered by Helen and Rosa Kellogg, who noticed the front show windows bulging in and out and detected smoke as they passed. They rushed to Wm. Cochens' bakery and informed him and he phoned the fire department.

No Blaze Seen.

Before the firemen reached the place the force of smoke had broken out the upper part of the east show window. The smoke came out with a puff and the smoke seemed to smother the blaze, so that when the fire fighters arrived no blaze could be seen. The room was full of smoke and handicapped them in their work.

Fire Chief Luxembourg and the assistant chiefs being out of town, H. F. Towner took charge of the firemen and organized the fight. Water was not turned on for some little time, effort being made to discover first where the fire was worst. The company didn't want to throw water into the room and run the chance of damaging the goods without first being certain there was need of it.

Judging from the charred lumber, the worst of the fire was in the southeast corner of the big room, and on the mezzanine floor, where the office was located and where dresses were on display.

Condition of the ceiling seems to support the belief that the blaze started in the room up stairs. The plastering fell in large chunks from the ceiling.

No part of the immense stock carried by the firm escaped damage from smoke and water, the shoe department being hard hit. A new shipment of shoes costing the firm about \$4500 were mostly in the original cases and thousands of dollars worth of silks and other new goods had just been received in the past week or two and had not yet been placed on the shelves through lack of room for them.

Stock Partly Insured.

The stock is conservatively estimated at \$50,000 by the proprietors, partially covered by insurance. Neither of the brothers would today attempt to make a definite statement as to the amount of their loss.

It probably will take three or four months to replace their stock to the point where they can resume business. This together with the fact that they had a large stock on hand that could not be duplicated today at the prices they paid will make their financial loss a serious one.

"We can't duplicate lots of our stock at less than 25 to 40 per cent more than it cost us at the time of buying, and our customers were getting the benefits of this," declared one of the members of the firm today. "It is an unfortunate accident and it will be necessary for us to close our doors for a time."

"We desire to express public thanks to our patrons and friends for sincere words of sympathy and offers of assistance in our misfortune."

"We particularly are grateful to the members of the fire department for their efficient work in checking and extinguishing the fire in so short a time."

The work of salvaging what can be salvaged of the stock is in progress today, with the loyal employees of the firm working hard to bring something like order out of the wreck. It is probable that a small portion of the stock will be in such condition to offer the public in its damaged form. W. L. Bullard, in charge of the shoe department, came home Sunday evening to assist in salvaging shoes. He was at Saboba Springs on his vacation.

Offices Cleaned Out.

While the firemen were fighting the fire in the Reinhaus store, men were busy carrying office equipment and furniture from the rooms up stairs in the building. Dr. Flood's office fixtures, all but his dental chair, were carried to the street, and Dr. McAulley's office was cleaned out of its equipment. When it was learned that the fire had been extinguished willing hands assisted in returning the equipment to the offices.

The fire did some damage to the stock of Sebastian's department store also. The stock was in the rear of the building and the damage sustained was by smoke and water. The room occupied by Sebastian was not penetrated by the fire, only a small space in the metal ceiling showing burned spots in different places. Sebastian and a local insurance agent sorted out some of the damaged stock and an adjuster will assess the damage sustained by Sebastian in a few days. Sebastian regards the service of the fire department as of the highest efficiency.

Rooms on the upper floor, in the vi-

LAW TO PREVENT RAIL STRIKES OFFERED

Labor Would Get Share of Earnings and Help to Fix Wages

(Continued from page one.)

prisonment; provided that nothing herein shall be taken to deny any individual the right to quit his employment for any reason. It will be observed that this section applies equally to the officers or managers of railway companies and their employees.

"The intent is to prevent any substantial interruption in transportation and the effect of it is to forbid not only what is commonly known as a lockout but also what is commonly known as a strike of the employees of a railroad company. It must be remembered that the bill in forbidding a strike, or combination for a strike has also provided for settlement of all disputes by government tribunal."

The bill specified that money advanced by the government to railroads during the period of federal control shall be converted into bonds bearing 6 percent.

Limited Capitalization.

Precautions against watered stock are taken by requiring the capitalization of the roads shall be limited to the actual property value as determined by the interstate commerce commission.

The railway transportation board would consist of five members, appointed by the president at a salary of \$12,000.

Reorganization of the 20 to 35 competitive systems called for would not begin for seven years, during which time the board would be working out its plan subject to approval of the Interstate Commerce Commission. Rate fixing powers would remain with the Interstate Commerce Commission.

The committee on wages and working conditions would be composed of four representatives of employees and four of the railway companies. In case of deadlocks decision would be made by the railway board. This board appoints the wage committee selecting from nominations presented by employees and the companies.

Co-ordination of land and water transportation would be controlled by the railway board which has authority to compel connections so as to utilize water transportation to the fullest extent.

HUGE CHEESE WILL BE VIEWED AT SHOW

CHICAGO, Sept. 2.—Some cheese! If you don't believe it, here are the facts, for it is the largest cheese in the world, and it was made for Armour & Company:

Weight—31,364 pounds.
Height—8 feet.
Diameter—10 1/2 feet.
Circumference—33 feet.
Value—\$16,000.

Weight of container—8,000 pounds.
Milk used—357,500 pounds.
Salt used—800 pounds.
Rennet Used—1,251 ounces.

Three bandage cloths used, valued at \$250, each measuring 33 feet long and 16 feet wide.

Factories furnishing the curds—59.
Made by 73 cheese makers and helpers.

Value of cheese factories—about \$400,000.

Milk taken from 12,000 cows on 1,800 farms.

This cheese, larger than any ever attempted before, was made to be exhibited by Armour & Company at the National Dairy Show to be held at the International Amphitheater October 6 to 12, 1919.

So big and unique is this huge cheese that motion pictures have been taken by two large film companies, which will circulate the pictures of the world's largest cheese throughout the world as well as the process of manufacture.

LAWYER TELLS HOW SOLDIERS PUNISHED

WASHINGTON, Sept. 2.—W. E. Thomas, Minneapolis lawyer who served as a private in the A. E. F., told the senate military affairs subcommittee that army officers tried to prevent him from defending accused comrades before court martial in France. He declared that excessive punishment was inflicted and cited numerous instances in support of his charges.

Thomas told how he was sentenced to four months in a prison camp for being absent without leave while he was in an army hospital suffering from influenza. Thomas charged that he was "railroaded" to prison because he as a lawyer, had helped defend private soldiers in his unit who were haled before court martial.

Reinhaus brothers have been in business in Santa Ana for thirty-six years, and this is the first time they have suffered serious loss by fire. In fact no fire in Santa Ana ever did as great damage, in the value of the loss, as the one which in a sense gutted the big department store.

FOR INDIGESTION

Looking Forward to Schoolltime

Boys' Suits from \$7.50 to \$18.00

These suits are designed to fill every requirement of strong, lively, hard-at-it youngsters. They are tailored to endure the vigorous usage that sends so many boys' clothes down to defeat. Seeing's believing. When you see these you'll know they are the best you're going to meet anywhere irrespective of the price you pay.

Oregon Cassimers

The New Waist Seam Oregon Cassimeres come with or without belt. All wool and washable suits at \$12.75 and \$13.75.

A FINE LOT OF BOYS' SHIRTS

This shipment of fall shirts for boys "has it on anything" we have in the men's department. Yes! the boys have it on the men two to one. The shirts are priced at \$1.25 and \$1.50. Fibre Silk at \$4.25. Pure Silk at \$5.00. Soft collars to wear with them, 25c.

KAYNEE BLOUSES

KAYNEE BLOUSES are the year round togs. Inexpensive, good-looking, washable affairs. Prices are \$1.00, \$1.25 and \$1.50.

HOSIERY AND CAPS

NOT-A-SEME are real stockings for boys. Fast black colors at 45c to 60c. Caps to match his new suit from 50c to \$2.00.

Vandermast & Son

CLOTHIERS

NO 'PROFITEERING' FOR US', SAYS SHOE AND CLOTHING MEN

Santa Ana clothiers and shoe dealers are protesting against newspaper comments and reports on the high cost of living. They say these reports and comments are at least misleading, and in many respects are incomplete and inaccurate.

"Even if it be true—which I seriously question," said one shoe dealer, "that retail shoe men on an average throughout the country are charging too much for shoes, that doesn't make it true of the shoe dealers of Santa Ana or Kokomo or Kalamazoo, for instance. And as a matter of fact I know it is not true of Santa Ana shoe stores. Yet the reader of these articles always applies them locally."

"It is true, of course, that shoe dealers, like all other merchants, charge more gross profit now-a-days than they used to charge. They've got to if they don't want to go broke. But I court intelligent investigation, and defy any man or woman to show that I charge an unfair profit on the goods I sell. And I think I am safe in saying that I speak (without authority, of course) for all the shoe men in Santa Ana."

When I speak of gross profit, I mean the difference between what a pair of shoes costs me and the price at which I sell them.

"Some people seem to think that we ought to add for profit only the same number of dollars and cents to the pair of shoes which now cost us \$6 that we used to add to the same pair that then cost us \$3.50. But any banker or merchant or business expert will tell you that if we did that we'd go bust p. d. q."

"Merchandising is a matter of proportion and relation that must be figured in percentages."

This shoe dealer then exhibited invoices and sales slips showing that he now charges an average of about 7 per cent more gross profit than he charged three years ago.

"Now," he added, "if we are not fairly entitled to that much increase, I'd like to know why. With our investment in stock doubled, the expense of doing business increased about 25 to 40 per cent, and the cost of living gone up 70 per cent, if we can't increase our percentage of profit a measly 7 per cent without being called robbers, I for one am ready to quit merchandising."

"But what could I do? If I raised walnuts or oranges and charged a fair price for them I suppose I'd still be a profiteer."

The clothing merchant talked about the same way. His books and files show that he now charges a fraction less than 3 per cent more gross profit than he did three years ago.

This man referred to a recent article appearing in the newspapers showing how infinitesimal is the legitimate effect of increased freight rates on the retail price of merchandise. "But," said the merchant, "we don't get goods by freight; we get them by express and pay express rates. Why? Because we can't wait for them to come by freight. We can't get orders filled except in small lots, a percentage of each man's order being apportioned—doled out, so to speak, from each week's output of the factory."

"This freight comparison—which, you see, is no comparison at all—is a fair sample of the unfairness and inaccuracy of reports that reach the public."

CLARENCE TRICKEY DIES AT MESA, ARIZ.

Clarence R. Trickey, son of J. N. Trickey, of Balboa, died at Mesa, Arizona, on August 30th, aged 42 years. He had been ill for some time and his death had been expected for some weeks.

He had been in business at Mesa for six years, going to that point from this city. His brother, Frank, joined him there about six months ago, since which time he has been identified with the business.

Clarence Trickey came to Santa Ana from Mulvan, Kan., with his parents nineteen years ago, and was associated with his father and brothers in the conduct of a grocery store here for a number of years.

He is survived by his wife and two daughters, Helen and Margaret, Mrs. Trickey was visiting at the home of her sister, Mrs. Will Chapman at Villa Park, when she was called home.

Owing to the strike she was unable to get to the bedside of her husband before his death. She finally reached home by accompanying friends in an automobile. The funeral was held today at Mesa, interment being there.

Despondency

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.—Adv.

ORANGE PERSONALS AND NEWS NOTES

ORANGE, Sept. 2.—One of the prettiest home weddings of the season was solemnized at the home of Mr. and Mrs. George W. Murphy, at 629 East Maple street, when their daughter, Miss Edna Katharin Murphy, became the bride of Dr. Carroll Hubert Silvernail, of Bridgeport, Neb.

The home was beautifully decorated with potted plants and baskets of Cecil Brunner roses.

Preceding the ceremony, Miss Nancy Elder, of Santa Ana sweetly sang, "I Love You Truly."

At 8:30 p. m., as Miss Verna Catherman, cousin of the bride, sounded the first notes of Lohengrin's Wedding March, the bridal party entered by two doors and took their place at one end of the living room, where the impressive marriage service was read by Rev. W. S. MacDougall of the Presbyterian church.

CONFECTIONERS TO OPEN STORE HERE

The firm of P. and W. Confectioners has moved its equipment to Santa Ana, and by the first of next week will open its new place of business at 410 North Main street, in the store room formerly occupied by the Flower Shop, which has moved across the street to the Orange County Title Co. building.

The firm is composed of William E. Pelley and Walt C. Witman. Their families will move to Santa Ana just as soon as homes can be secured. For the last three years they have been associated together in a wholesale candy business at Glendale. Here, they will open a modern confectionery store, with a soda fountain, tables and booths. Light luncheons are to be served. The candy-making department will be separated from the parlor only by a railing, so that customers may observe the methods used in candy-making.

If you want everything desired in a modern Gas Stove, buy a Domestic Cabinet Gas Range. The Domestic possesses all the requirements of the discerning housewife.

Church every Thursday evening at 7:30 at San Joaquin Fruit Company's ranch. Everybody living in vicinity invited to attend.

Hair restored to its natural color by the latest process. Mrs. Cora B. Cavins, Frou Frou Shop, 116 E. Fourth St.

York World, the Toronto Star, the Chicago News, the Boston Post, the Philadelphia Public Ledger and other prominent journals. In England it will appear in Lord Northcliffe's newspapers, and in Paris in La Temps. Other newspapers equally prominent will publish the book in various Allied and neutral nations.

General Ludendorff, more than any other man in Germany, not excepting the ex-Kaiser himself, is peculiarly equipped to tell the inside Teuton war history, for he dominated the entire Teuton military machine, especially toward the close of the war. When the crash came last November, it is said Ludendorff broke with the Kaiser and Von Hindenburg, seized a great mass of official records and documents in Berlin and fled to Sweden. There he commenced the personal preparation of the forthcoming book.

Sir George Hutchinson and Lord Northcliffe, the great London publishers, went to Stockholm several months ago, read the manuscript and reported that it is the GREAT STORY OF THE GERMAN SIDE OF THE WAR. Thereupon the largest cash advance ever made in the history of the publishing business was paid for the manuscript, the American rights for which were secured by the McClure Newspaper Syndicate.

Ludendorff's historical confession is said to be the complete story of Germany's foredoomed attempt to dominate the world and tells the world for the first time the real story of what was going on behind the scenes of Hun autocracy during the Great War.

The Domestic Cabinet Gas Range means economy in cooking. See a demonstration at the Gas Office today.

Diversify Your Investments

This is another way of saying "Do not put all of your eggs in one basket."

Municipal--Public Utilities--Industrials--Land Bonds

Thoughtful investors do not place all of their funds in any one of the above types, nor in all of the above types in the same locality.

This basic principle is too often disregarded by investors.

Examine your holdings and see if, from this standpoint, you have properly protected your own and your family's future.

It will be our pleasure to assist you.

To Our Friends and Customers:

We have had a most unfortunate accident—a fire has damaged our stock—and for the present it will be necessary for us to close our doors.

We desire to take this opportunity to publicly thank our many friends and customers for their loyal support during our thirty-three years of business in this city, and for their sincere offers of sympathy and kind offers of assistance in our misfortune.

We desire to thank the members of the Santa Ana Fire department for their efficient work in checking and extinguishing the fire in so short a time.

We thank our loyal employes for their untiring efforts in the work of salvage.

REINHAUS BROS.

A quiet wedding was solemnized in Santa Ana at high noon Saturday when Miss Gladys Tinsley became the bride of Roy F. Rails, a recently returned soldier from overseas. The bride was becomingly gowned in white satin and carried a lovely bride's bouquet of white carnations. The happy couple departed immediately for a short honeymoon to the various beaches. They will make their home in Orange upon their return.

John E. Willars passed away suddenly at his home at 216 South Orange street Friday. The deceased was seventy-two years of age at his death. His sudden death was caused by an attack of heart failure. Mr. Willars leaves a wife, Sarah Willars, and a daughter, Mrs. George S. Smyth.

to mourn his loss. The body will be shipped to Glasco, Kansas, for interment.

Miss Louise Fitch, who is soon to become the bride of Albert Schroeder, was the recipient of a charming kitchen shower given by her cousins the Misses Katherine and Anna Fitch at their home on South Yorba street.

"Suppose You Have a Fire Tonight"

Do You Carry ENOUGH Fire Insurance?

Present day values are high—merchandise and building materials cost much more than they did a few years ago. Your stock of goods, your home, your household furniture or your business block should all carry larger fire insurance policies than "before the war."

INCREASE YOUR INSURANCE TO COVER YOUR INCREASED VALUES.

STRIKE CONSEQUENCES

The old-time argument against prohibition was that it interfered with the liberty of the citizen; that a man has a right to get drunk at his own expense. The answer to it is that a man does not get drunk at his own expense; he gets drunk at the expense of the sober men who, by taxation, are made to pay the cost of maintaining jails, hospitals, asylums, courts and policemen, all of which are rendered more expensive by intemperance. A drunkard defies the maxim "he who eats must earn;" he eats without earning, and the sober men who do earn pay the cost of the drunkard's food and shelter and raiment. It was general appreciation of this fact that caused the adoption of local and national prohibition.

Does not the same argument apply to strikes? The worker who joins a strike, and who, by force, prevents any other worker from taking his place, compels the capitalists to close their works and retire from the field of productive industry; and workers who have been extravagant, idle, unthrifty or unfortunate—and many of them have been one or the other—have no moral right to bring upon themselves, or those dependent upon them, either suffering or mendicancy.

When organized labor stops production and transportation, it oversteps the bounds of common justice and common sense. Suppose the capitalists should say to the strikers: "We are weary of your exactions, your interference and your airs. You have stopped the wheels. Very well, we will not start them. You have extinguished the furnace fires, we will not rekindle them. You have disabled the engines, we will not repair them. With the downward stab of your vicious knife you have cut the surface veins, but you have received the force of the blow in your own vitals—bled to death at your leisure, we will retire for a while and nurse our scratches."

Can anyone conceive the misery and ruin that would result from sixty days stoppage of labor in the foundries and factories and furnaces and workshops, and sixty days suspension of traffic over the railroads? With the disabled engines in the round-houses and the cars covered with dust in the deserted yards; with ships and steamers lying idle at the wharves or sailed away to trade between the ports of other lands, whose governments, wiser or more powerful than ours, would not suffer the moral law to be violated by either individuals or societies; with chimneys towering smokeless to the skies; with the music of the forge and anvil hushed; with almshouses crowded, asylums filled and jails overflowing; with men suffering and women growing gaunt from hunger, and little children sobbing themselves to the fevered sleep of famine; with the furniture in the auction room, trinkets and clothing in the pawn-shop and families, once comfortable, wandering shelterless under the stars; with even disease welcomed as a friend who should pilot the sufferer to the deliverance of death—Would the strikers find consolation for all this in the reflection that they had carried their point and prevented other men from accepting their jobs?

GIVEN A CHANCE

Altruism and humanitarianism are entering more and more each year into the scheme of those whose duty it is to mete out justice to violators of the law. The indeterminate sentence law, the probation law and other measures designed to give offenders an opportunity to set themselves right in the eyes of the world, are all having the effect not of showing those who commit crime that laws may be broken with impunity, but rather of making them understand, once they are "in the toils," the folly of wrongdoing and the wisdom of treading the "straight and narrow path," which a probationary period gives them the opportunity of doing.

No one could have been present in the superior court Saturday and witnessed the granting of probation to a man who had pleaded guilty to misappropriating funds without realizing the immense humanity in a system that gives a man a chance to make good, rather than puts him forthwith in prison.

There are cases, of course, where a man fails to indicate the faith of those who placed him on probation. But these instances are comparatively rare. It would seem that if even one man in a hundred made good, the

probationary system would be worth while.

The man who appeared in the superior court today for a hearing on his application for clemency was given some good, sound advice by Judge Williams. There was not the slightest touch of malice in anything said by the court. His tone was gentle, yet firm, kindly, yet impressive. It was evident that the words uttered by the judge made their way straight to the heart of the man who was given a chance. How far better, a system that makes things like this possible, than a system, as it obtained years ago, whereby a man once found guilty was thrown into the penitentiary, with no chance, except that afforded by good behavior, of getting out before the expiration of his term!

There is idealism in the present day system—but it is upon idealism that the structure of our society is founded, and no institution that furthers this idealism will ever exist in vain.

SAVING BABIES

Newark, N. J., appears in the news pretty often, but never more deservedly than at this moment, when it claims the 1919 baby-saving championship of the ten largest American cities.

During the first six months of this year the infant mortality rate in Newark was only 77.1. Pittsburgh wins evil pre-eminence by coming in at the tail end of the list with 133 babies dying per thousand.

The most hopeful thing about it is that all of the cities show some improvement. Newark's death rate in 1910 was 125.

It is still nothing to brag of, however, when any city, town or village allows as many as seventy-seven babies out of a thousand to die. The time when such deaths were accepted as inevitable visitations of Providence is happily past. People realize more and more that when babies die it is generally due to mere carelessness or neglect, on the part of the parents or on the part of the community, or both together. With growing enlightenment and effort, every year the helpless little adventurers have a fairer chance at life and happiness.

Morals of Nations

In his historic discussion with the senate foreign relations committee of nations covenant, President Wilson several times referred to the moral obligations these instruments impose upon the nations. Indeed, the league covenant may be termed, in verity, the highest code of international morality ever put into concrete form for the acceptance of mankind. There is in it much of the spirit of the Golden Rule and the Sermon on the Mount.

This makes the league covenant incompatible with any international compact that has preceded it. For this reason no one with logical ground upon which to stand, can predict failure by comparing this covenant with the holy alliance or any other covenanting of nations. The league of nations covenant is sui generis.

Pronouncing Match

Remember the old-fashioned spelling matches? There were more thrills to them than to a peace treaty debate in the senate. They whetted wits and sharpened memories and brightened up the minds and enlivened the spirits of young and old. In this day of narrowing of the world and of rapid introduction of new names and new terms, pronunciation matches are in order. There are names and terms appearing often in the daily news, pronunciation of which puzzles the very elect. For example: Foch, Poincare, Clemenceau, Hawaii, hangar, plebiscite, and a score of others that might be cited. Would it not be a good evening's entertainment, in a home gathering, to have a pronunciation match?

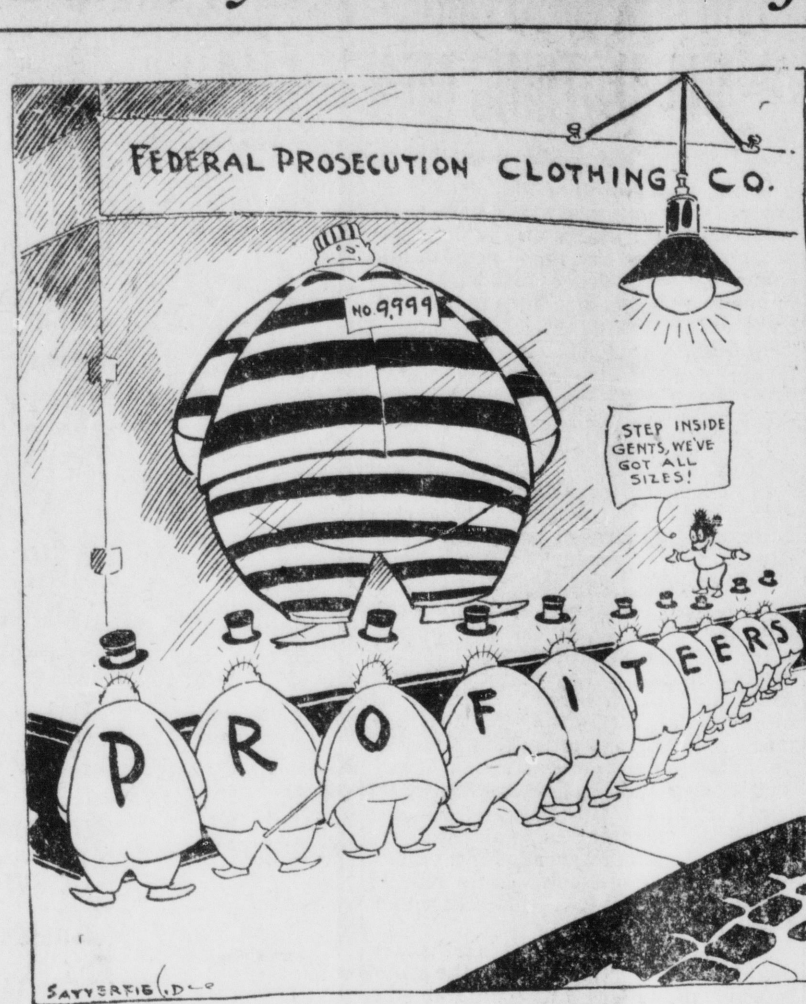

Avoid Strikes

There should be permanent ways and means established whereby labor could have redress for all its just grievances, promptly and fairly, without having to resort to strikes. It is to be hoped that, in the swift evolution of industrial relations which is proceeding, conditions may be made such that all need of strikes shall be eliminated. This would be best for all concerned—labor, capital and the public. Complete establishment and permanent maintenance of social justice and the spirit of equity and democracy in industry should eradicate the strike as something neither needed nor desired by labor. Toward this goal all elements of society should strive.

What It Means

The Brooklyn Eagle declares that the doctrine of free trade is based on the tenet that every article should be produced where it can be most efficiently produced. Not at all. It is based on the tenet that an article should be produced where it can be most cheaply produced, even if that cheapness is attained through the degradation of the toiler, as it usually is. Free trade means cheap products and the cheapening of the lives of the producers. Its affectation of altruism, which has bred a sort of spurious internationalism among its devotees, is hypocritical. Free trade is the doctrine of the non-producer who wants the producer to work as cheaply as possible. It has no sympathy with the idea that the men who build up a country, support it, defend it, and constitute its real wealth, are entitled to first consideration in the markets of that country.

Fall Styles Now Showing

Financial Frightfulness

From the Riverside Press

The famous billion dollar indemnity imposed on France by Prussia in 1871, has certainly come home to roost, bringing a big brood with it.

Germany is obligated to pay the Allies 20 times as much within the next five years. After that there will be many more billions, the precise amount being determined by Germany's ability to pay, over a period of 25 years. The additional indemnity may amount to more than \$20,000,000,000.

What the Germans are now concerned with, however, is the sum immediately payable. And in order to raise it they are confronted by a program which can be described as nothing less than financial frightfulness.

Never has there been anything like it, any more than there was ever anything like German military frightfulness. The present government is preparing "levies on capital" which constitute literal confiscation. The plan contemplates raising \$22,500,000,000, not by taxing income, but by the seizure of property, real and personal. The amount sought is as unprecedented as the means of seeking it.

Possessions under \$1,250 will not be touched, save by orderly taxation. Above that figure the rate of seizure is progressive, rising from 10 to 65 per cent. The latter rate applies to properties of \$750,000 or more. Thus a man owning \$750,000 will have to surrender about \$500,000 of it to the state; a man with \$3,000,000 must give up \$2,000,000 of it, etc.

The plan, if formally adopted by the German parliament, will become effective as rapidly as the properties can be liquidated. It will take half of all the wealth of the rich, and one-third of all the wealth of Germany. And that is only a start toward discharging the debt to civilization incurred by this crazy, criminal war of conquest.

"What a man soweth, that shall he also reap."

NEW YORK SETS LOW MARK IN JAIL FOOD

Prisoners Get Good Meals at Cost of \$2.90 a Week Each

NEW YORK, Sept. 2.—Snappy foods are barred, but it still doesn't seem possible that \$2.90 will buy three square meals every day for a week in New York city. And yet that is the official report turned in to the city from the Ludlow street jail, where the Alimony club has its hangout, and where a few enemy aliens and political prisoners have been incarcerated.

As a matter of fact, city officials have very little to do with this miracle, for a woman does the cooking. It is due to her that the price is kept down, according to Sheriff Knott.

That woman is Mrs. Rose Taylor, who, for thirty-one years, has presided

The costs of bringing tea from the tea-plant to your kitchen are almost as much for poor tea as for fine tea; and, in both cases, these costs are more than twice the tea-garden cost of the teas themselves.

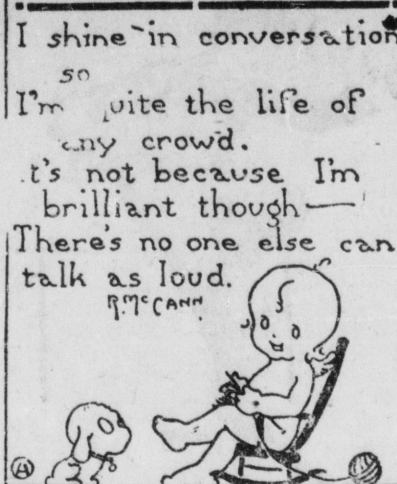

So why pay all that good money to bring over tea that isn't half so good?

Schilling Tea is your fine economical practical tea, full of the real tea-flavor.

There are four flavors of Schilling Tea—Japan, Ceylon—India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.

City and County Briefs

The Orange County Title Company yesterday completed the moving of its office on Main street to the room one door north, and the room formerly occupied by the Title company is today occupied by the Flower Shop.

Those residing on the ranch of H. W. R. Strunk, on the Los Angeles road, Fullerton, were aroused by the loud barking of the dogs. It was discovered the large barn was in flames. The building burned to the ground and at the same time a good amount of hay, a horse and harness were consumed by the fire. The exact amount of the loss has not yet been estimated. The property was insured. How the fire started no one apparently knows.

Under date of August 26, A. B. Rouselle of Newport Beach writes from Niagara Falls that he and his wife had just returned from a visit to the big falls, just four blocks from the hotel, and were leaving the next day for Worcester, Massachusetts.

Miss Helen J. Reuter, aged fourteen years, daughter of Mr. and Mrs. Andrew Reuter of Los Angeles, died there yesterday and the funeral will be held tomorrow at 10 a. m. at the Los Angeles crematory chapel. She was the granddaughter of Mrs. Caroline Newman, both families having formerly resided here.

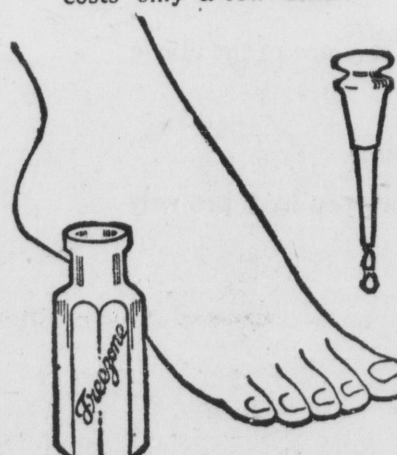

City Marshal Sam Jernigan and other police officers of Southern California are being warned by Chief of Police L. Deschamps of Santa Barbara to look out for a man giving the name of Robert Kennedy and a woman travelling with him as his wife. They are high class swindlers and check kites. Kennedy poses as an aviation officer and works the game of making purchases and giving a check in the amount of the purchase and getting the difference in cash. He has a variety of suits and sometimes appears in villainous clothes.

Mer! Henry, 15-year-old Modesto boy, shot a five-point deer and a large wildcat on a hunting trip to the Tehachapi mountains.

There is beauty, convenience and economy in a Domestic Cabinet Gas Range. New line of stoves at the Gas Office.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Mr. Tomkins was obliged to stop overnight at a small country hotel. He was shown to his room by the one boy the place afforded.

"I'm glad there's an escape here in case of fire," commented Mr. Tomkins as he surveyed the room; "but what's the idea of putting a prayer-book in the room in such a prominent place?"

"That," replied the boy, "is intended for use in case the fire is too far advanced for you to make your escape, sir."—London Tit-Bits.

THE WHISPERING LEAVES

The whispering leaves have told me this— That time is like a wind that blows. And withers beauty with a kiss, And strews the petals of the rose.

The whispering leaves are very young, But they have talked with rocks and trees, And all the friends they live among Are shrewd and ancient friends like these.

So I'll remember what they say, And now and then on summer eves

When I am tired I'll steal away And listen to the whispering leaves.

—(W. A. Norris in Contemporary Verse.

Visit to Redondo

Mr. and Mrs. A. F. Fieseler, Miss Anna Fieseler and P. G. Beissel spent Sunday at Redondo Beach with the latter's sister, Mrs. J. W. Hagerman and family.

Other guests at the hospitable Hagerman home over the holiday were Mr. and Mrs. Horace Fine, Misses Isabel Lopez, Charlotte and Cleora Fine, Mrs. Louise Waite, Mrs. Olive Lopez and Alonzo Lopez.

Mrs. Lopez and Miss Isabel Lopez went to Los Angeles Saturday afternoon and to Redondo on Sunday. On Sunday evening a rabbit dinner was served at the Hagerman home, honoring the eighty-third birthday of Mrs. Beissel, mother of Mrs. Hagerman and Mr. Beissel. She returned to Santa Ana for a visit at the Beissel home.

Pretty Courtesy

Mrs. J. W. McCormac extended a pretty courtesy to Mrs. W. W. Anderson Saturday, when she gave a luncheon in her honor, as she and Mr. Anderson are leaving Thursday to visit Mr. Anderson's parents in Ohio. From there they expect to go to Niagara, New York, Albany and other places of interest, returning in about two months.

Mrs. McCormac chose a color scheme of pink and white, using asters and anemones in the living room, and hyacinths in the dining room, where a basket of the flowers with a large tulip bowl gracing the handle centered the attractively appointed table.

The afternoon hours were quietly and pleasantly passed with visiting and talking over the trip Mrs. Anderson is soon to take.

Invited guests were the hostess, Mrs. J. W. McCormac and Mrs. W. W. Anderson, W. D. Baker, P. L. Tople, W. H. Smith, C. W. Burns, J. G. Gulick, John Oliver, George Balderson, H. T. Trusblood, W. J. Saunby, Sidney Saunby of Tustin, W. L. McCleery and John Wehrly.

making new ones.

There were seventy-four counties represented and the seventy-three ounce box of chocolates as a prize for the county registering the largest number in attendance was finally divided between the ladies of Clay and Pottawatomie counties. The two were tied with a registration of forty-eight until four o'clock when three more came in for Clay county, making the prize rightfully theirs, but the chocolates were gone so that the reward fell to them in glory alone.

At the business meeting E. E. Vincent was elected president and R. G. Tuthill, secretary and treasurer for the coming year.

J. E. Liebig, the coffee expert was on hand and furnished plenty of that excellent beverage for everyone. Altogether it was a very successful picnic and reunion.

Woman's Alliance

The Unitarian Woman's Alliance will meet tomorrow afternoon with Mrs. Bruce at 1412 West Second street.

Holiday Visitors

Mr. and Mrs. Gay Liggett of Omaha, the latter's mother, Mrs. F. E. Nelson, and sister, Mrs. Harvey Cooper, of Los Angeles, visited at the home of Mr. and Mrs. J. F. Talcott Labor Day.

Reception Planned

The El Modena reception at the school house for the teachers and the new minister, Rev. Mr. White, and family, to be given September 11 at 6:30 p. m., is progressing rapidly. Everyone in the community is invited for a good time and to assist in welcoming the honored people to the town. There will be no solicitation for provisions as each family is to bring whatever is most convenient.

The capable committees appointed are as follows:

Program—W. P. Read.

Table—Clate Stanfield, W. T. Chapman.

Coffee—G. L. Carlton.

Supper—Messdames Bartlev, Bolton, Field, Porter, Robinson, Wilsey, Carlton, Hertert, Lowry, Brieke, Preston, Hancock, Evans, Murray, Crist.

Birthday Celebration

The large lawn at the home of F. L. Carrier was used for a picnic ground Sunday, when thirty friends of Mr. and Mrs. Carrier arrived from Riverside to celebrate Mr. Carrier's birthday. The company came in the morning, extending best wishes and congratulations and enjoyed the entire day with him.

Joining in the honors of the day were Mr. and Mrs. J. A. Bowman and two sons, James and Everett, friends from Little Rock, Arkansas, who were weekend guests of the Carriers. They went last evening to Los Angeles, previous to their return home in the near future.

Welcome News Heard

After a two months' vacation, the nurses have again taken on their monthly meetings and yesterday afternoon they gathered at the nurses' home at the hospital to continue their social afternoons and evenings through the winter.

About twelve members were present to welcome Miss Elizabeth Spohr, as this is the first meeting held since her return and to rejoice in the good news that the former matron, Miss Katherine Rutherford, is expected here some time this month. Miss Rutherford has been in the service and overseas for nearly a year. At the present time she is visiting her old home in Canada.

Another piece of good news came from Miss Irene Miller, who has been at Ft. Sheridan, Illinois, with the Red Cross. She expects her discharge this month and will return to her home here as soon as possible.

With their return, the nurses' association will be quite complete again with the prospect of many jolly affairs during the winter.

Following the regular business session, a guessing contest was held and the prize awarded to Miss Neva Sturdevant.

Those present included Mrs. J. M. Burlew, Raymond Ross; Misses Neva Sturdevant, Hazel Swall, Martha Schildmeier, Elizabeth Spohr, Margaret Walkinsaw, Carrie Morse, Anna Liebermann, Gertrude Samers, Rose Liebermann, Helena Mager. Guests were the present matron, Miss Wallace; Mrs. Smith and Miss Ranney.

She, Too?

William J. Burns, the noted detective, said in a Seranton lecture: "To a well-trained detective every incident is pregnant with significance—yes, every incident is as full of meaning as—well, I am reminded of a story:

"A young man sat in a parlor alone. To him a beautiful girl entered. Thereupon the young man arose, took six cigars from his upper waistcoat-pocket, laid them carefully on the piano, and then advanced toward the girl passionately, his arms outstretched.

"But the girl drew back. "You have loved before," she said.

"I think the baby has your hair, ma'am," said the new nurse, looking pleasantly at her mistress. "Gracious!" exclaimed the lady, glancing up from the novel. "Run into the nursery and take it away from her. She will ruin it!"—Blighty.

PERSONALS

Mr. and Mrs. W. B. Williams leave tonight for a two weeks' holiday at Lake Tahoe.

Mr. and Mrs. A. J. Crookshank and family came home Saturday after a delightful summer spent at their cottage at Big Bear.

Mr. and Mrs. C. S. Kendall are visiting in San Francisco with their son, Lieutenant Herbert Randall, and Mrs. Kendall.

Mr. and Mrs. W. S. Rose spent the weekend at Santa Barbara.

Miss Doris Robbins returned yesterday from a two weeks' outing at Big Bear.

R. J. Blee arrived home Sunday from Alaska. He was gone thirty days and had a fine trip.

The family of J. A. Turner of 820 North Main street has returned home after a month's vacation at Newport Beach, while Mr. Turner was on an automobile and hunting trip in Northern and Central California.

Mr. and Mrs. W. E. Winslow of 712 Bush street left yesterday for Lake Tahoe where they will take a week's vacation.

Dr. J. L. Maroon has returned from his trip east. He visited Chicago and took post graduate work in Cook County hospital. Dr. Maroon also stayed with the Mayo Brothers in Rochester, Minn., where he witnessed many interesting operations.

Mr. and Mrs. W. D. Baker drove to Forest Home Sunday and returned yesterday, bringing with them Mr. and Mrs. S. M. Davis and family, who have been spending a month at that popular resort.

The families of Marshall Keeler and L. M. Forcey returned Sunday evening from Newport Beach, where they have been since the first of August.

Rev. and Mrs. W. L. H. Benton, Miss Kate Fipps Benton and Miss Jane Battersby returned last evening from Forest Home after a month's vacation.

The Misses Estella and Martha Mernery, Mrs. M. E. Hamm and J. B. Bowman are leaving tomorrow on a month's trip along the coast to Santa Cruz and Fresno, with possibly a short time spent in San Francisco.

Mr. and Mrs. Riddenshouse of South Birch street left this morning for Canada, where they will visit with Mr. Riddenshouse' parents for an indefinite time.

Miss Isabel Lopez is spending a few days with Miss Lorraine McClure at Harbor City.

Miss Elizabeth Overshiner has returned home after a 2 months' vacation in Tennessee, and has resumed her position at Gilbert's.

Mrs. R. V. Langford and Miss Margaret West returned Saturday from a six weeks' outing at Shasta. Prof. J. F. West of Pasadena is a guest at the Z. B. West home.

Deputy District Attorney W. F. Menton and wife visited the German submarine at San Pedro yesterday.

Deputy District Attorney Alex P. Nelson and wife visited Camp Baldy over the weekend.

Mrs. Sherman Evans has as her guests today Misses Mammie Dismukes of Downey, Ethel and Edna Miller.

Mr. and Mrs. J. F. Lilley returned to their home at Glendale today, after a two days' visit with the former's parents at 209 South Birch street.

Mrs. John Wehrly was a morning P. E. passenger to Los Angeles.

Among the parties at Laguna Beach over Sunday and Labor Day was one composed of Mr. and Mrs. L. M. Dean, Miss Claudia Dean, A. J. Borden of Los Angeles and Mr. and Mrs. J. M. Kiskadden and daughter Phyllis of Santa Ana.

Mrs. Otto Lensing is spending a few days in town with relatives.

DEATHS

MUTO—In Santa Ana, Calif., Sept. 1, 1919, Bunji Muto, aged 34 years.

Funeral services will be held Thursday at one o'clock from Mills & Winbiger's Mission Funeral Home.

The remains will be taken to Los Angeles for cremation.

NEWMAN—In Santa Ana Hospital, Sept. 1, 1919, William R. Newman, aged 52 years, beloved husband of Mrs. Minnie Newman and father of Vivian Newman.

Funeral services will be held from the Mission Funeral Home of Mills & Winbiger at 2:30 o'clock.

Interment in Fairhaven cemetery.

SCOTT—In Santa Ana, Calif., August 31, 1919, Mrs. Elizabeth E. Scott, age 63, at her home 606 Fruit St.

Services were held from Smith and Tuthill's chapel this morning at 8:30 o'clock with interment in Evergreen Cemetery, Los Angeles.

Deceased was the wife of E. J. Scott, and a resident of Santa Ana for 24 years.

The twenty-first annual national convention of the United Spanish War Veterans will be held in San Francisco beginning September 2.

MONEY, MAIL FOR SERVICE MEN WAITING

Addresses Given at Time of Enlistment Seem to Be Obsolete

With government checks awaiting them, the location and addresses of Roy C. Huffman, Frank E. Chacon and Fred Romero are wanted at the office of the quartermaster at Kelly Field, South San Antonio, Texas. First Lieutenant Arthur M. Kidd, disbursing officer, has written Mayor Mitchell asking that he make effort to locate the men. Letters to the addresses of the men in this city have been returned to Kelly Field. Huffman's mail was addressed to him care of H. S. Castro, 1704 West Fourth street, and the other two to general delivery. Local postoffice officials were unable to locate the men.

Anyone having knowledge of the address of any of these men should mail same to "Disbursing Officer, Office of the Camp Supply Company, Kelly Field, Texas.

Postmaster Andrew Gillison at Gloryetta has letters from the treasury department, War Risk Bureau, for Walter G. Tarber and Jake Bent Wright. He believes they contain checks and he is anxious to locate the men. He requests that any one knowing of their whereabouts send him their address direct.

RAILROADS' FATE WILL BE UP TO VOTERS

NEW YORK, Sept. 2.—That the present leaders in railroad development and the moneyed interests which have been backing railroads will not make a struggle to keep transportation from going permanently to government ownership, is evident from the attitude taken by New York chiefs of finance and railroading.

"It is a question entirely up to the people of the country," is the way railroad executives and financiers refer to the Plumb bill, providing for government ownership of the roads. Wall street especially would not object, if government ownership ended with the railroads. However financiers are apprehensive that once labor leaders gain the railroads, they would demand other industries and financial institutions as well.

Money invested in other industries, rather than in railroads, yields far better returns as a rule, say bankers. This may account for the fact that much of the railroad stock of the country is held elsewhere than in Wall street.

If there is a fight to prevent the railroads from going permanently to government ownership, it must be in congress and by congress, say railroad executives, who deny that they have any plans for publicity campaigns. The say they think the railroads will be much better managed in private hands, and will give better service, but deny that it is to the interest of railroaders to keep control of the roads.

"Executives are better paid and have greater opportunities in other industries," say railroad men, who explain their presence at their posts by the statement that they like their work. However, they could not work

for the salaries the government would pay, they add.

The railroad men through the Association of Railroad Executives, comprising practically all of the railroads of the country, have suggested to congress a counter proposal for government ownership.

The railroad executives' plan provides for private ownership under close government control of finance, wages, rates and routes through the medium of a Secretary of Railroads, to be a member of the cabinet of the president of the United States.

Railroad executives and financiers agree with the laborers that speculation must be eliminated from railroad development and that labor must get better pay and shorter hours. However, they feel that the latter will never be accomplished with governmental control, due to slowing down of production, unless an annual deficit is paid by the taxpayers of the country.

RAIN PREVENTS TENNIS

FOREST HILLS, L. I., Sept. 2.—All tennis matches scheduled here for this afternoon, including the national singles championship between William W. Johnston and William T. Tilden II, were called off shortly after noon today because of rain.

Rev. Bertram D. Brown of Alameda was called for Siam this week to be a Presbyterian missionary.

LEMON JUICE

FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice in two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweet, fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.—Adv.

NEW CRUTCH INVENTED

SYDNEY, Sept. 2.—A new crutch for the use of those injured in the war, designed to prevent crutch paralysis, has been invented by two Sydney mechanics. The new device, it is expected, will be adopted by the military authorities.

CUMBERLAND, Md., Sept. 2.—Fifteen hundred men employed in the Baltimore and Ohio railroad shop here walked out on strike today in rejection of President Wilson's appeal to remain at work.

The Black Curtain Lifted Ludendorff's Confession

To Reveal Germany's Secret War History at Last!

Throughout the Allied countries, official circles and the general public are awaiting with intense interest the publication of General Ludendorff's book, which will tell for the first time the full inside story of Germany's doomed attempt to dominate the world.

The curtain of mystery and secrecy that shrouded every move of the German military autocrats and the Teuton war machine will be removed.

The Veil Will Be Torn Aside in the Columns of The Examiner

Ludendorff was the dominating figure of the German war lords. He even overshadowed the Kaiser toward the last, and when the crash of German autocracy came he gathered a great mass of official records and documents and fled to Sweden, where he commenced the writing of his German war history.

It is, Without Exception, the Most Momentous Feature Printed in Any Newspaper Since the War Began

The largest cash advance ever paid in the history of the publishing business was paid for this Manuscript. Lord Northcliffe and Sir George Hutchinson, the great English publishers, went to Stockholm, read the manuscript and pronounced it THE GREAT STORY OF THE GERMAN SIDE OF THE WAR.

Ludendorff's revelations will appear simultaneously in all Allied countries. In England they will be published in the Northcliffe newspapers; in Paris in "Le Temps"; in America the startling expose will be published by leading newspapers, including the Philadelphia Public Ledger, the Toronto Star, the Chicago News, the Boston Post, the New York World and many others.

In the Southwest It Will Appear

Exclusively in The Los Angeles Examiner

It Begins SUNDAY, SEPT. 7, and Will Be Published in DAILY INSTALLMENTS

Place Your Order With Local Agent, W. F. Mackey, Santa Ana.

SAYS CHEMIST IS PUBLIC BENEFACITOR

"Being a doctor, and suffering for many years with stomach trouble, I feel I cannot do justice to so great a public benefactor in writing. May's Wonderful Remedy is everything you have claimed for it. I can now eat and relish victuals I have not dared to eat in many years. Am feeling like newly born." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At druggists everywhere.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Baseball and General Sport**MARTIN TO TAKE SLOW PATH TO TITLE****Tommy Bronson Favors Two Minute Rounds to Make Bouts Snappy**

NEW YORK, Sept. 2.—Jimmy Bronson, the loquacious manager of Bob Martin, the heavyweight pugilistic champion of the A. E. F., doesn't claim the world's championship for his protegee statements to the contrary notwithstanding.

In a talk with the United Press a short time ago, Bronson freely admitted that his heavyweight probably is a long way from the heavyweight crown.

"But," said James, "within two years Martin will beat Dempsey. Remember what I tell you. Right now he is a better man than Dempsey, but I am not foolish enough to believe that he knows enough about fighting to go in and defeat Dempsey."

"I want to show the public what this boy can do, and I'll do it in a legitimate way. We are not begging for fights. We will take what comes along and we'll march straight into the championship. Every member of the A. E. F. believes this, and will back his feelings in the matter."

Bronson expressed himself opposed to the established method of boxing since he has seen what was done in France by boxers. He is a promoter and referee of long experience, having conducted eight class boxing in Joplin, Mo., for many years. He said he was unwilling to believe when he went to France as a Y. M. C. A. athletic director that the time would ever come when he would favor two-minute rounds over the established method of sending men over the three minute route.

"I want Martin to fight under A. E. F. rules if such a thing is possible in this country," he said. "I believe it makes better fighting. They go two-minute rounds, with a minute rest. It makes for action and eliminates the stalling. The number of rounds could be increased to extend the time of a go."

Bronson exhibited a photograph of Martin taken after he had won the inter-Allied championship. It showed Gen. Pershing holding the boxer's hand and appraising him with a smilingly critical glance.

12 ROUNDS OF BOXING AT STATE FAIR TODAY

At the State Fair, Sacramento, the directors are putting on twelve rounds of fighting today. The opening bout will be between Cash Travers of Sacramento and George Branden of San Francisco, 115 pounds.

Young Joe Thomas of San Francisco will fight either Phil Garcia of Sacramento or Young Sharkey of Oakland for the second bout.

The finals will be between George Lee, the fighting Chinaman, and Young Fitzsimmons.

There are to be three fight nights at the State Fair. The two next fights will be on Friday night and on Monday, September 8.

'Round Coast League Bases

Home Runs—Sheely, Rumler, Salt Lake; Fournier, Los Angeles; Schick, San Francisco.

The Rangers and Bees have a totally different idea as to labor day. Both games went into extra innings, the Swashes taking the first, 3-2 in the tenth, while the Bees copped the second 5 to 2 after thirteen innings, Compton's errors letting two Bees fly through the gate.

Grabbing both games, the Angels fluttered to a tie for league leadership. Steady Angel pitching and heavy Angel batting easily won over Portland.

The Oaks were too much for Johnny Couch, so another Seal defeat was chalked up, 5 to 4.

After Prough and Crespi were hit for ten runs in the first game the Sacramentoans retaliated by taking the second game, 4 to 0.

DEMPSEY DECIDES TO BATTLE CARPENTIER

DECATUR, Ill., Sept. 2.—Jack Dempsey will meet Georges Carpentier, French champion, somewhere in England, for a purse of \$175,000.

Jack Kearns, Dempsey's manager, has announced that he would accept the offer from Carpentier's manager contained in a cablegram received.

WHITE GETS DECISION

DENVER, Colo., Sept. 2.—Charley White was given the referee's decision at the end of twelve rounds' fast fighting with Johnny Noye, Twin Cities lightweight, here last night. Noye was floored three times but he fought gamely.

HANLEY TO HEAD WASHINGTON'S GRID MEN**Former Service Men Will Coach Team; Schedule Is Announced**

PULLMAN, Wash., Sept. 2.—Dick Hanley, captain and field general of the Mare Island Marines during the 1918 football season, will captain the Washington State College eleven this year. Hanley will give the fans of San Francisco and vicinity a chance to see him in action as a collegiate player, too, for the W. S. C. eleven plays University of California at Berkeley October 25.

Former service men will also coach the team. Captain Gus Welch, head coach, will have Capt. Carl Dietz and Zimmerman as his assistants. Both Dietz and Zimmerman, who are former Washington State College heroes, were picked by Walter Camp for his All-American service eleven last fall. The training season opens September 15 with the following schedule for the season:

October 18. Multnomah Amateur Athletic Club (Portland) at Spokane; October 25. California University at Berkeley; November 1. Idaho University at Pullman; November 8. Oregon University at Portland; November 15. Washington University at Pullman; November 22. Oregon Agricultural College at Portland; Thanksgiving, Montana University at Missoula.

Beckett McGoorty Assert They Will Win By Knockout

LONDON, Sept. 2.—Confidence in their ability to win by the knockout route was expressed today by both Joe Beckett, British heavyweight champion and Eddie McGoorty, American battler, who meet tonight in a twenty-round bout at the Olympia. The twenty-round set-to between the French bantam champion, Charles Le Dux and Walter Ross, British champ, was called off, it was announced this morning. It seemed today that McGoorty would be unable to make more than 165 pounds, while Beckett will enter the ring weighing about 184 pounds. Betting was lively, with the champion the favorite. McGoorty's backers were playing him on the form he showed recently in knocking out Harry Rolph and Harry Reeve, British heavyweights. The dope also figured that the American's speed and ring generalship would balance the weight handicap. Fred Fulton, the American plasterer, predicted he would knock out Arthur Townley, the British lightweight, in five rounds. They are scheduled to go ten rounds in a preliminary.

Watching the Scoreboard

Yesterday's hero—Babe Ruth. The slugging Bostonian rapped out his 24th home run of the season, beating Washington 4 to 1 in the second game of the double header. He pitched the Red Sox to victory in the first game, 2 to 1.

The White Sox threw cold water on Detroit's pennant hopes by taking a double header 6-0 and 5-1.

Sisler's home run in the seventh prevented Cleveland from taking a double header from the Browns. The Indians won the first 5-3, but lost the second, 4 to 3.

The Cards beat Pittsburgh in the first game, but dropped the second 2 to 1.

Rain spoiled the morning game but the Giants trimmed the Braves 3 to 2 in the afternoon.

The Yankees made it eight straight by trouncing the Athletics 5-2 after the morning game had been stopped by rain.

Three runs in an eighth inning rally failed to head off the Phils and Brooklyn finished on the low of 6 to 4 count. Merkle's home run gave the Cubs a 4 to 3 victory over the Reds in the morning game, but the Morans came back and nabbed the afternoon session 4 to 2.

O'DOWD WHIPS LEWIS

SYRACUSE, N. Y., Sept. 2.—Mike O'Dowd, middleweight champion, outfought Ted Kid Lewis, former welterweight title holder, in a hard ten round bout here last night. O'Dowd was the aggressor all the way.

MITCHELL HAMMERS HAMMER MILWAUKEE WIS., Sept. 2.—Pinky Mitchell won the decision over Ever Hammer, Chicago, in ten rounds here last night. Mitchell from his great height rained blow after blow on Hammer's face.

Just What She Needed

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."—Adv.

HUNTERS BRING OBSERVING WAR IN MANY DOVE WOMEN'S DAY BAG LIMITS IN NORTH

Birds Plentiful and In Good Condition, Is Report From Canyons

The best hunting that dove hunters have had in nearby canyons in years was that enjoyed on the opening day yesterday.

Everywhere there were plenty of doves, and the birds were in fine condition.

It was a bombardment. It always is on the opening day, and it always will be, so long as dove hunting lasts. There were hundreds of hunters out, and many limits were secured.

"There were lots of doves," said Elmer Preston of Livesey's Store. "Those who stopped in the store today all said that birds were plentiful."

Preston and Charles Harris, repair man at Livesey's, hunted in Temescal canyon, and each got the limit.

Mrs. Victor Walker, who is a very good shot, killed the limit, fifteen birds, before breakfast. She was with a party of hunters in the San Juan country. Her husband, who got the limit with ease, says that everyone he talked to in the southern end of the county was well satisfied with results.

Little Jimmy Stephenson of El Toro distinguished himself by getting the limit. Since he is only 9 years old, the fact that he got the limit is well worth recording. Of course, he picked them off of the trees, as did many an older hunter, but he scored with nearly every shot, with enough doubles and a triple to give him an average of a bird to a shot.

J. W. Taylor, Judge West, Rev. Paul E. Wright, County Clerk Backs, Lester Slaback, J. J. Ziehl and Albert Fuller were among those who had excellent shooting in the Aliso canyon, where a number of automobile parties had camped the night before in order to be on hand for early shooting.

Frank Sawyer, J. C. Joplin, Victor Martin, Sandy and Boyd Sleeper, and Winfred Snyder were among successful hunters in the Trabuco section.

Dr. Price and Otis Bridgford each brought in the limit.

AUTO LAW BREAKING IS CHARGED TO 28

Complaints charging violations of State Motor Vehicle laws were sworn to today at the office of the district attorney by County Motor Policeman O. K. Carr against the following:

J. W. Carson, March Field; H. J. Exerstone, Los Angeles; Miss Jeanette Benson, Los Angeles; L. S. Everett, San Diego; J. E. Collins, Los Angeles; W. E. Wilson, San Diego; L. C. Beers, San Diego; C. J. Mendell, Los Angeles; J. H. Stevens, Long Beach; H. S. Jones, Los Angeles; H. L. Robinson, Los Angeles.

W. Garrick, Chula Vista; F. H. Girwin, Brawley; S. C. Oertley, Garden Grove; E. Van Libord, Los Angeles; C. R. Brown, Seattle; C. B. Smith, Hollywood; C. Westergaard, Los Angeles; F. Cuis, Los Angeles; M. E. Fitzgerald, Hollywood; F. A. Green, Los Angeles; F. W. Murphy, Los Angeles; H. E. Edwards, Los Angeles; L. E. Summers, Inglewood; M. J. Sopp, Los Angeles; R. T. Atkinson, Los Angeles.

In the majority of instances the complaints charge violations of the glaring headlight law. According to Officer Carr, those accused of having glaring lights on their automobiles did not even comply with the old law, designed to do away with glaring head and spotlights.

The arrests were made by Officer Carr on the Irvine-El Toro highway.

Long kitchen hours become a thing of the past if you do your cooking on a Domestic Cabinet Gas Range on sale at the Gas Office.

COURTHOUSE NEWS

WOMAN HOLDS TO 'OTHER MAN' IN BIGAMY CASE

Hearing of Mrs. Musser's Plea For Probation Is Continued

"How about it, Mrs. Musser—if you were to go free, would you be willing to let this man Carter alone?"

In answer to this question from Superior Judge R. Y. Williams in Department 1 today, Mrs. Florence Amelia Musser, who has pleaded guilty to a charge of bigamy, answered:

"I would let him alone until I could get a divorce."

Judge Williams examined a number of letters which friends of Mrs. Musser had written in answer to inquiries from Probation Officer Scott.

"It would appear from these letters," the court remarked, "that your friends think you have been foolish and silly."

Mother of Two Children

In answer to questions put by the court, Mrs. Musser stated that she had been married in 1913 to Guy M. Musser, whose occupation she stated to be that of fisherman. She had two children, she told the court, aged 3 and 5.

Mrs. Musser told the court that for some time her husband, though she understood that he earned good wages had contributed nothing toward the support of her and her children. The two children, she said, were now at Venice with Mrs. Gladys Swain, sister of Musser, who had sworn to the complaint charging Mrs. Musser with bigamy.

John Carter, with whom Mrs. Musser was arrested in San Francisco, with knowingly marrying a person already married.

Cites Husband's View

Judge Williams called attention to a letter that had been written to Probation Officer Scott by Musser.

"Your husband," the court said, "recommends in the first part of his letter that you be given probation, but he seems to weaken toward the end and recommends that you be sent to the state's prison."

Mrs. Musser smiled at this.

Judge Williams continued the hearing on Mrs. Musser's application for probation until September 15 at 9 a. m.

COUNTY'S RECEIPTS IN AUGUST \$387,194

During the month of August Orange county paid out \$139,344.57 and received \$387,194.10, according to a report made by the county treasurer to the board of supervisors and to the county auditor.

The largest item of receipts was for personal property tax turned in by County Assessor Sleeper, \$328,825.03.

Other receipts were \$4239 from the State school fund, \$1,619.25 from the Golden State Portland Cement Company, on sack credit on the Los Alamitos paving project, and \$1,623.15 in fees received by the county recorder.

MANY SERVICE MEN AT OPENING OF COLLEGE

AKLAND, Calif., Sept. 2.—With every fourth student enrolled an ex-soldier or ex-sailor, St. Mary's College opened its fall term today. The enrollment is the greatest since the outbreak of the war.

Three of the soldier students are wounded Frenchmen and three wounded doughboys, who have been granted scholarships by the college for their part in the war.

St. Mary's expects to be a big factor in intercollegiate football this season, with a wealth of material available.

S. A. WOMEN DEVISEES IN WILL FILED TODAY

The will of Augusta Atgen, who died in this city on August 19, was filed for probate at the office of the county clerk today by Attorney Morris A. Cain, whom the will names as executor.

The devisees, according to the petition, are Helene Galbraith, Rose Walker, Mrs. Ida Morrison of Santa Ana, and Mrs. N. L. Smith and Mrs. Martha Deatrick of Garden Grove.

ANAHEIM MAN NIGHT FUMIGATION CHIEF

George W. Sloop of Anaheim has been appointed night inspector of fumigating, according to a report to the board of supervisors. The appointment was made by Earl L. Morris, county horticultural commissioner. Sloop began his duties on August 1, the report states.

MAN JAILED AS HOTEL ROBBER IN COURT

With Charge of Burglary Dismissed, Newkirk Faces New Accusation

With the charge of burglary against him dismissed in the superior court, John Newkirk, Jr., was brought into the justice court this afternoon for his preliminary hearing on a charge of grand larceny.

The burglary charge against Newkirk was dismissed last week on motion of Deputy Attorney William F. Menton.

Newkirk is charged with rifling the till at the Huntington Beach Inn of \$70 several weeks ago.

The complaint was sworn to by Sam Clapp, proprietor of the Inn.

MANY S. A. FOLK AT BIG BEAR SAYS WEST

"Where are you from, Santa Ana or some other city in Orange county?" This, according to District Attorney L. A. West, is the greeting used by fishermen on Big Bear Lake when they meet strangers and desire to get acquainted.

Attorney West, his wife, his son, Hume, and daughter, Alberta, are home today from a two weeks' vacation at Big Bear.

The number of Santa Ana and Orange County people who spend their vacations at Big Bear is remarkable, Attorney West states.

"The woods are simply filled with campers," said West. "Many of them are building permanent summer camps."

West and his family put in an enjoyable two weeks, fishing and hiking.

Justice of the Peace John B. Cox wouldn't exceed the speed limit in an automobile—not for worlds. But when it comes to being hauled rapidly on the water, well that's another story.

Yesterday at Balboa Skipper Galbraith of Los Angeles, invited Justice Cox for a spin in the Mystery-4, a gasoline driven launch which has yet to be defeated in Newport Harbor.

Justice Cox, after some hesitation took his seat in the craft. There was a deafening roar from the Mystery-4's motor and in a twinkling, as the speedster took a sudden list, or what ever it is that launches take when they incline to one side, the Justice found himself in the bottom of the craft.

"Stand up!" commanded Galbraith. "Get hold of this rope to steady yourself!"

"Stand up!" Justice Cox objected. "How can I stand up when I can't even sit down?"

However, Justice Cox soon found that he had been given good advice. It was easier for him to keep his balance if he took a standing posture, he found, even if the posture was more or less unstable.

Galbraith whisked the startled Justice through the harbor waters at a rate of not less than thirty miles an hour, which is quite some speed, on the water.

Today Justice Cox is emphatic in declaring that he enjoyed his "speeding" tremendously.

PHONE RATE HEARING TO BE HELD SEPT. 15

SAN FRANCISCO, Sept. 2.—The State Railroad Commission has ordered issuance of a notice to all telephone exchanges in the state, numbering more than 400, as well as to the city officials of California towns, announcing that the commission will hold a hearing in the Flood Building here September 15 to determine the methods and scope of the commission's investigation into the matters of telephone rates in California.

The hearing was originally set for September 5th. Although the meeting will be of a preliminary nature, it will enable the commission to outline its task of reviewing the entire rate question which became involved when the rates were raised by Postmaster General Burleson during the period of federal wire control.

SANTA ANA, CALIFORNIA, TUESDAY, SEPTEMBER 2, 1919.

W. R. Newman Killed As Auto Is Struck by Train

OPENING DAY OF CITY SCHOOLS WEDNESDAY SEPT. 10

Announcement Is Made Concerning Courses Given at High and College

The high school will begin its thirty-ninth year Wednesday, September 10, as originally planned. All city schools will begin on the same day, it being the county schools only which will open September 15th. Registration will commence Thursday of this week at 9:30. The order of registration will be as follows: Seniors and post-graduates on Thursday, Juniors on Friday, Sophomores on Saturday, and Freshmen on Monday. In each case those whose names begin with the letters from "A" to "K" will register in the forenoon from 9:30 to 12, and those from "L" to "Z" in the afternoon from 1 to 4.

Parents and students are reminded of the importance of being present on the first few days which are the most important of the school year. Promptness and good attendance are essential from the standpoint of scholarship and good business habits. Moreover, it should be realized that a large part of the financial support comes from the state. This state aid is based on the average daily attendance. Every time a pupil is absent the city taxes are so much higher.

New Requirements

Courses have been changed slightly to meet the new requirements made by the state board of education. To graduate from any high school in California a student must have successfully pursued for not less than three years any two of the following subjects: Mathematics, History, Science, English, Foreign Language. A further requirement is that all graduates must have had at least two years of English, one year of United States history and civics, and one year of a laboratory science. Physical training or military training is required by law of all high school pupils without exception. Every prospective student should be familiar with all the changes indicated in the school catalogue, a copy of which should be in the hands of every student.

Students will buy their text books this year as in the past, since the law providing for free text books does not go into effect until July 30, 1920. Attention is called to the fact that there has been a raise of about 20 per cent in the price of some of the text books which are listed in the catalogue. Students will be provided when they register with a circular showing the exact price of all books.

A slight increase in enrollment is expected on account of the new state law which requires that all boys and

(Continued on page twelve)

Enforcement of New Vegetable and Fruit Law Started

ENFORCEMENT of the new fresh fruit and vegetable standardization law in Orange county began in earnest today. The law provides that fruits and vegetables shall be mature but not over-ripe, well colored for variety and locality, virtually free from insects and fungus pests, rots, bruises, frost bites and sunburn, be virtually uniform in size and color. Packing of fruits or vegetables to deceive by putting better products on top is prohibited. These regulations apply to fresh fruits and vegetables offered for sale in any box, basket, crate, barrel or other container.

ARMY TRAINING IS IMPROVED BY JAPS

TOKYO, Sept. 2.—Lieutenant General Tanaka, minister of war, is carrying out various plans for the improvement of technical branches of military service. The authorities have decided to raise the status of the Military, Artillery and Engineering school and re-name it the Military Technical University. This, with the Military University, which is an institution for officers in active service, principally dealing with tactics, will be the highest military training establishments in the empire.

The Military, Artillery and Engineering school has so far been confined to the artillery and engineering services, but when extended, into a technical university, students selected from among those serving in any branch of the army—infantry, cavalry, artillery, engineers, and commissariat—will be admitted and taught the technical side of military matters. A new system will be adopted whereby the students of science or engineering in the imperial universities who are to do service in the army in the future will be given school expenses by the military authorities.

JAP OFFICIAL STARTS CAR CROWDING FIGHT

TOKYO, Sept. 2.—As an evidence of the advance of democracy in Japan, plans are under consideration by Home Minister Tokonami, president of the Imperial Government Railway Board, to end the overcrowding of third-class cars while first-class cars are pulled along empty.

This official advocates elimination of the first class altogether. The railways are able to run he says, because of the revenue from the third-class cars, and it is proposed that those who provide the bulk of the funds shall have some of the comforts. New coaches are, therefore, under construction with comfortable seats instead of the present bench-like accommodations.

SERVICE MEN IN ENDORSEMENT OF WELCOME HOME FETE

Executive Committee Urges County Heroes to Be at Park Next Tuesday

Naming Capt. Neb. M. Holderman as the man who will be entitled to receive the first medal at Orange County Park on next Tuesday if he is here, with Lieut. Clyde Slater of Orange as alternate, and endorsing the "Welcome Home Celebration," the executive committee of the Service Men's Association of Orange County has evidenced its full co-operation and approval of the plans to honor the Orange county heroes as proposed by the Orange County War Service Recognition Association.

There is little or no probability of Capt. Holderman being here. Lieut. Slater is home and in civil life again and it will be his honor to receive the first medal from Governor Stephens when the souvenirs are presented to the men at the park.

The executive committee has taken over some of the details of the arrangements for taking care of the men. Lieut. Walter J. Pease has been selected to line the men up for receiving the medals, which will be distributed by girls selected from different parts of the county.

A committee of service men has been appointed from each of the exemption districts to be in charge of the service men's booth at the park. For exemption district No. 1 they are L. W. Blodgett, Huntington Beach; S. M. Reinhaus, Chas. D. Swanner, W. R. Coleman, Santa Ana, and W. J. Woods of Orange. For exemption District No. 2, W. C. Benchley, chairman, he to select the other members of committee.

Resolutions Signed

S. M. Reinhaus is president and Chas. D. Swanner is secretary of the Service Men's Association and they have attached their names to the following resolutions:

"Whereas, the citizens of Orange county, through the Orange County War Service Recognition Association, have invited all returned service men to a 'Welcome Home Celebration' to be held in Orange County Park on September 9, 1919; and

"Whereas, the service men desire to show their appreciation to the patriotic citizens of Orange county, who have supported them at all times, and upon three continents; therefore, be it

"Resolved, that the Service Men's Association of Orange County endorse the 'Welcome Home Celebration'; and be it further

"Resolved, that all service men are urged to attend the picnic gathering at the county park, to show their appreciation for the efforts in their be-

Navy Men Teach Civilians How to Shoot Thousands Are Instructed at U. S. Range

Free Lessons Being Given by Sailors and Marines.

Many Excellent Marks Are Made By Novices at Caldwell, N. J.

CALDWELL, N. J., Sept. 2.—Civilians attracted here by the great rifle match are learning to shoot and as a result of instruction and practice America is expected to produce some new marksmen of note.

At the big range here all comers are given a chance to test out their skill. Not only that but they are being given free instructions by experts from the Navy and Marine Corps.

Thousands of civilians have been making use of the opportunity afforded and some have made some excellent scores. The interest caused by the shoot and nationwide publicity attached thereto has aided greatly in enlistments in the Navy and Marine Corps throughout the country.

SOUTHERN CALIFORNIA

VENICE, Sept. 2.—Mayor A. E. Coles and the Venice Civic Commission have adopted a plan proposed by Thomas H. Ince for recruiting men for the United States navy.

By this plan, will be asked to appoint a beautiful young woman to represent the city and recommend her name to the government as recruiting officer for that city.

SANTA BARBARA, Sept. 2.—Because the fire chief, who is the only person in Santa Maria who knows how to run an expensive new fire truck just purchased, Santa Maria business property was destroyed. The fire started in a paint shop. Three other shops were burned.

VENTURA, Sept. 2.—It took just a little over three years for a letter written from Germany to Henry Fiege of Ventura to arrive here. The letter, which was written by a relative in Germany, had post cards enclosed showing a German submarine sinking British ships and the legend "Gott Straß England."

SAN BERNARDINO, Sept. 2.—Caught by a five-foot wall of water that swept down Rattlesnake Canyon far out in the Old Woman's Spring Country, four men were saved by a rescue party. In the marooned party were Jack Lankershim, of Los Angeles, Harry Eastwood of San Bernardino and Norman Blake and Jess Elgin of Colton, deer hunters.

PASADENA, Sept. 2.—Ernest H. May, president of the Security National Bank; his son, E. Crawford May, who served as a naval lieutenant during the war; Arthur Dodworth and E. H. Moulton, all of Pasadena, have left on a month's yachting cruise. They chartered the schooner yacht Dreamer, and expect to put in all of September cruising in New Mexican and Californian waters.

LONG BEACH, Sept. 2.—A unique ocean front improvement is projected by property owners south of Ocean boulevard and west of Golden avenue. They propose to construct a mile-long walk of boards, built upon piling. Leaders in the move also say that buildings upon piling will be erected alongside the walk.

LONG BEACH, Sept. 2.—Preliminary plans for the proposed \$150,000 Y. M. C. A. building at Sixth street and American avenue have been accepted by the building committee, officers of the association said, and architects have been instructed to prepare plans and call for bids at the earliest possible date.

DRIVER JUMPED AS ENGINE HIT CAR, DECLARE ENGINE CREW

Newman's Skull Fractured, Machine Wrecked in Fatal East Fruit Street Crash

The death of W. R. Newman yesterday afternoon in an automobile-train crash at the Fruit street crossing came as a shock to his many friends in Santa Ana and vicinity, where he had lived for the past thirteen years, and had made hundreds of friends.

Mr. Newman was driving a Dodge touring car, owned by the Crown Stage line, making special trips, and was returning from taking two ladies to Grand avenue, when the accident happened. As he neared the Fruit street crossing of the Santa Fe tracks, the Santa Ana switch engine with a few freight cars attached was returning from its day's trip to the north end of the county. The train crew was composed of Engineer A. E. Wallace, Fireman Hackfield, Conductor A. L. McClellan and Brakemen W. W. Grubb and B. L. Smith.

According to members of the train crew and other witnesses, the whistle of the engine was sounded as Newman neared the tracks, and he applied the brakes, attempting to stop. The machine, however, did not come to a stop until the front wheels were almost upon the rails.

Tries to Leap Away

There, according to the train crew, either the engine was stalled or the gears could not be shifted into the reverse, and Newman attempted to leap to safety. At that instant the crash came, Newman was thrown to the ground, the auto was whirled about, struck again in the rear, and overturned.

Mills & Winbiger's ambulance responded to the call immediately and Newman was taken to the Santa Ana hospital, with the back of his skull badly crushed. He died a few minutes after the accident.

The crossing where the fatal crash occurred is in the Santa Ana railway yard limits, and the train, southbound, had probably slowed down to twenty miles an hour, according to railway officials.

Coroner C. D. Brown was holding an inquest at 4 o'clock this afternoon at the Mills & Winbiger chapel, where the remains were taken and arrangements were made for holding the funeral tomorrow afternoon at 2:30 o'clock.

Leaves Widow, Daughter

Mr. Newman had been living at 702 Spurgeon street, and he is survived by a widow and daughter, at that address. His father, H. A. Newman, lives at 515 West Second street. Other near relatives are three sisters, Mrs. Bertha May of Santa Ana, Mrs. Ethel Tickney,

(Continued on page twelve)

The Correct Way to Keep a Wardrobe

The pleasure of a trip is often destroyed because your clothes were ruined in transit. Baggage is handled rough, and sometimes the railroad employes are to blame. More often however, it is the fault of the luggage carrier. A cheap trunk has no room in it for fine clothing.

The correct way to keep a trunk is in a Brydon Wardrobe Trunk.

BETTER PICTURE
WEEK BEING
OBSERVED

Paramount-Artcraft Movies
Being Shown In Many
County Theaters

A nation-wide drive for better motion pictures, designed to bring the standard of motion picture presentation throughout the United States to the highest level and to make the showing of films in the smallest town as brilliant as in the largest city is being billed this week under direction of the Famous Players-Lasky Corporation, which has designated that period as Paramount-Artcraft Week.

Film productions of that organization are being shown exclusively during the seven days at hundreds of theaters throughout the country as a demonstration to the public of the company's efforts to constantly better its pictures and as a pledge of the standard quality of its offerings for the coming year. Many Orange county theatres are taking part in this demonstration.

Paramount-Artcraft Week is a great co-operative movement for the best in pictures in which the producer, the exhibitor and the public will join forces. A tremendous national campaign of advertising, using periodicals with the largest circulations, as well as the daily publications of nearly a hundred large cities, and 400 other towns directed and financed by the Paramount-Artcraft organization is pointing out to public where they can see the best pictures. The exhibitors are offering the productions their particular public wants and the public will be able to demonstrate what they want.

Ninety-eight per cent of the 17,130 motion picture theaters in the United States, as listed by the Internal Revenue Department, are already showing Paramount-Artcraft pictures in response to popular demand. Last year's Paramount-Artcraft Week demonstrated the progress that had been made in feature film production; this year, after seven years of mobilization of the greatest geniuses of production; dramatists, directors, artists and technicians, Paramount-Artcraft again shows the great strides made in the last twelve months, and will demonstrate that its constant endeavor is Service—service backed by good faith to the public which patronizes the theaters presenting its features.

BEAN STANDARD
TO BE SET BY
DEALERS

San Francisco Brokers Announce Plan For Fixing of Grades

SAN FRANCISCO, Sept. 2.—Announcement has been made by the California Bean Dealer's Association that in order to improve conditions and meet many just complaints on the part of buyers, standard grades have been established. This association handles little of the California lima bean crop, which is handled largely through a strong growers' association.

The bean dealers here say that it is to the mutual benefit of the industry if satisfactory grades can be established and adopted by all of the trade. Many have their own idea as to what constitutes choice re-cleaned beans and No. 1 re-cleaned.

The set grades have been adopted for the particular purpose of meeting the varying climatic conditions that occur from year to year and which unavoidably affect the character and quality of the crop.

Each season's crop will be handled in accordance with the new standards. If the best grade, to be known as "choice re-cleaned," cannot be fully and fairly met owing to adverse growing conditions, such fact will be announced to the public so that the buying trade may be fully informed as to conditions.

The attention of the trade is particularly called to the modification made in connection with arbitration and the liberal and full option extended to buyers. It is believed that this will obviate much of the friction that has existed in the past.

Following are the grades under which California beans will hereafter be bought and sold:

Choice Re-cleaned.—To contain not less than 98 per cent sound merchantable beans and not over 2 per cent damaged, discolored or other beans, splits, adobe, or other foreign matter, and in no case more than 1 per cent damaged beans and in no way altered from year to year and all sales and shipments made thereunder must not vary therefrom in excess of 1 per cent.

No. 1 Re-cleaned.—To be equal to or better than the average of the grade for the current season at time of shipment. Such standards to be jointly established annually by the California Bean Dealers' Association and the San Francisco Chamber of Commerce. (This standard shall be elastic, as above indicated, but the official type sample

will be jointly made as in the case of the "choice re-cleaned" grade and published by the California Bean Dealers' Association each season and not by any corporation, firm or individual.)
All beans not conforming with above standards will be bought and sold on sample or description.

ORIGIN OF MEDICINES

The agents employed for the treatment of disease are taken from the three kingdoms of nature, the vegetable, animal and mineral. Most medicinal substitutes are taken from the vegetable kingdom and consist of leaves, flowers, seeds, barks and roots. The old-fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which owes its success to the vegetable kingdom, has constantly grown in popularity and favor until it is now recognized as the standard remedy for female ills.—Advertisement.

SUDANESE LIKES
WEATHER OF
ENGLAND

Too Much Sun, and Not Enough Work at Home He Says

LONDON, Sept. 2.—"All rain—no sun. It ees fine!"

So said the servant of the Sudanese chief who presented the sword of submission to the King. Most Englishmen would feel inclined to punch a foreigner's head for expressing such a sentiment, for it has a ring of sarcasm about it; but this was an optimistic young man in white robes, with a bright smile and a passion for the English climate. Like others, he had never seen anything like it, but, unlike the majority, he had sufficient imagination to appreciate its advantages.

"In Sudan—all sun," he continued. "And Sudanese run to shadow. No work—sit in shadow. England—land of shadows. Work all day. Strikes? Ah, strikes! Perhaps because too much work. No sun to stop work—strikes instead."

"Sacred Sword to the great king? Yes, I have heard of it. My master, son of Mahdi, gave it to great king. Where it came from? I do not know. I am not sure. Some say Heaven. Some say Spain. All men lie. I am not sure."

"Yes, it is keen. It is sharp. It is gold at the handle. The great Mahdi, father of my master, he used it. Many heads bowed to it. It is indeed sharp."

"London? There is so much of it. I do not know. But the weather is fine. I would not live here because I would lose my destination. But I would take away the weather with me—the soft rain and the cool shadows. Then our corn would grow as high as scyambors. You would like me to take it away? Your beautiful rain? The shadows that do not burn?"

"Truly the English are a great people. They live in heaven and do not like it. Only gods are tired of heaven."

This is, perhaps, the most original complimentary speech ever made to a king of England.

Despite its unconscious aspersions on this climate it was greatly appreciated by all Englishmen who heard it.

Do away with the sweltering, summer kitchen by using a Domestic Cabinet Gas Range. Best for cool, clean summer cooking. For sale at the Gas Office.

SCHOOLS TO OPEN
ON WEDNESDAY
SEPT. 10

Courses to Be Given at High School and College Are Announced

(Continued from Page Nine)

girls under 16 years of age must attend school.

There will be a high school faculty meeting Thursday morning at 8:30 in the Music room of the Administration building.

College Courses

The Junior College will begin its fifth year on Thursday, September 11, with prospects for a most successful year. The faculty has been strengthened and new courses have been added. All courses will be of strictly college grade, full credit at the University of California and other institutions being assured.

There is no tuition charge and no charge in the way of fees for any of the courses given. The college is a part of the public school system and exists to serve the people. It is possible to obtain here the first two years of a college course at no expense except for books.

Adults will be welcomed in any of the courses as auditors. For the benefit of those who might be interested in taking one or more of the courses or attending the lectures, the schedule is printed below. Full information will be given at the office. Registration will come Monday, September 8, in Room 41.

Courses offered this semester are: At 8 o'clock will come Astronomy by Miss Lasby, Tuesday and Thursday; Logic by Mr. Nealley, Monday, Wednesday and Friday; advanced Spanish by Miss Swasey, Monday, Wednesday and Friday; Elementary Spanish by Miss Swasey daily; Elementary French by Miss Watson daily; at 10 o'clock English Literature by Mrs. Northcross, Tuesday, Thursday and Friday; European History by Miss Stewart, Monday, Wednesday and Friday; Analytical Geometry by Miss Whiting, Tuesday, Thursday, Friday; at 11 o'clock Psychology by Mr. Nealley, Monday, Wednesday, Friday; at 1 o'clock Advanced French by Miss Watson, Monday, Wednesday and Friday; Advanced Algebra by Miss Whiting daily; at 2 o'clock Sociology by Mr. Nealley, Monday, Wednesday, Friday; English Composition by Mrs. Northcross, Monday, Wednesday, Friday; Shakespeare by Mrs. Northcross, Tuesday and Thursday; at 3 o'clock Zoology by Mr. Bruff daily except Friday; advanced Chemistry by Mr. Kelly daily; Hygiene by Miss Conkle, Friday; at 4 o'clock Gymnasium by Miss Scott, Wednesday and Friday.

High school courses in any subject are also open to adults.

The High School is offering a one-year intensive commercial course which is open to graduates. This course is very similar to that offered by the first-class business colleges today. It includes bookkeeping, typewriting, stenography, business arithmetic, business law, and office practice. It differs from other high school courses in that the student is not required to stay with any certain class. He may go as fast as he likes, consistent with good work, and is given special attention. The instruction is largely individual, and the student is insured rapid progress.

The demand for stenographers and bookkeepers is becoming greater each day and students who have graduated and find it impossible to continue their education in college or normal school, and wish to fit themselves to take positions in the commercial world, will find this course of great value. It is free and every graduate who is desirous of improving himself, or herself, should enroll at the High School next Thursday, September 4th.

The Santa Ana High School Commercial Department ranks second to none in the state. The teachers are all experts in the subjects they teach. They have had years of actual experience, as well as the theoretical training. Post-graduates are urged to take this one-year intensive course this year, beginning September 10th.

The Bookkeeping Department here teaches the same text-book and practice work that the local and leading Los Angeles business colleges teach. A bank is conducted in connection with the bookkeeping classes, which gives the student actual banking practice. The accounting of the school is handled by this department and gives the student a chance to put into actual practice that which he learns from text books. Special instruction is given on the Comptometer and Adding Machine. All of the work in this department is individual and no student is held back.

The Stenographic Department offers a rapid course in Shorthand and Typewriting for post-graduates. A student is prepared in one year to go out and handle a good stenographic position. Besides the speed work on the typewriter and in dictation, the student learns how to cut stencils, and operate the dictaphone, multigraph and mimeograph machines.

Only the most modern machines and equipment are used. All typewriters are brand new this year. It is the aim of the Commercial Department to keep in close touch with the business world at all times, and to teach only up-to-date methods.

The high school receives many calls for students to fill positions in the business world. Practically all of those who took the Intensive Course last year and the year before are now working in good positions today. Every effort is made to help the student secure the position for which he is best fitted.
